20 Cent Tax Hike Apparent For Flood Control Planning

IT WAS FULL STEAM AHEAD for Sierra Madre's Tournament of Roses parade float at last Friday's organizational meeting. The theme will be selected this Friday from 48 suggestions. From the left: Mrs. Grace Van Reed, food and hospitality committee; Bill Bennet and Manuel de la Torre, co-chairman. Manuel also is in charge of design, engineering and constructing the float. CHAMPS of the Little League, Al Foxton's Dodgers, managed by Bert Embree, with Boyd Smith coach, are here pictured, happily so, following the tabup that gave them the pennant. Top row: Manager Embree, Tom Dorman, Bob Ingram, Eric Richter, Bob Fraad, Taylor Robertson, Perry Mulleavy and Coach Smith. Bottom row: Steven Smith, David Embree, Tye Tuchscherer, K. Kuwata, Jim Robertson, John Teeter, Ronny Fox and Robert Osti.

Pennant Winning Dodgers Feted by Manager Embree

Definite credit goes to the two 12-year-old pitchers, Eric Richter and Robert Ingram, who pitched our winning season to only a three-game loss out of 15. Many times they had their backs to the wall, and saved the games by their diligent pitching.

The four home-runs that were hit during the season were belted over the fence by Richter, Ingram, Cowell and Dorman, a couple of which were game-saving runs. There were several outstanding plays during the season, too many to try to elaborate upon, but one fine example was a recent play in which Tom Dorman, representing the winning run on third base, with the batter's count two balls and two strikes, two out, and in the bottom of the sixth inning, with the score tied, decided to try to steal home. As the ball was pitched he headed for the plate and slid in under the catcher's hand and was called safe, thus winning the game.

It was plays and games like the one described above that kept the season on a high level of ball-paying, with each and every other team a threat to the record of the Dodgers. Embree commented that every ball game was a new experience, and definitely a challenge that had the fans in the stands on the edges of their seats until the last out. The over-

Lee Shippey Writes On Editors

Political candidates have to get so egotistical in their claims of what they have done or intend to do that when they debate they actually face one another I to I.

* * *

I'm sorry to read in The News that the Morgridges are moving away. When I first landed in Sierra Madre in 1927 George Morgridge and Joe Eastwood were publishing The News and proudly displaying a trophy they had won for newspaper excellence. Then George sold to Joe Asbury, and Eastwood and Asbury were the publishers. A grand team they made, for Eastwood could not only set type, turn out good printing and compose a good news story at the Linotype machine, but could strum a guitar, sing a good song and add pleasure to any gathering, while Asbury was a born backslapper, a genial and likable man about town. Between them, Joe and Leila Eastwood and Joe and Isabel Asbury kept friendly but honest eyes on practically all civic and social affairs.

I have warm memories of others, but mention only those because within the last month both Joe and Isabel Asbury have died and last week Joe and Leila Eastwood drove over from La Jolla to see us. And then came the announcement that Ed and Edna Herwig have sold The News, the reason being need of rest. That set me thinking of how much almost every member of a community owes any editor who strives with all

'Hezi,' Rescue Team Hound, Wins 3 Firsts

"Hezikiah," son of Tufley, one of the Sierra Madre Search and Rescue Team's two top bloodhounds, appearing for his first show, took three firsts in the San Fernando Kennel Show last Sunday.

"Hezi" also stacked up five points which is the maximum a dog can make per show toward a 15-point championship.

His firsts were open dog, winner's dog, and best of winners which netted his owners, Donald and Pat Colbert two silver dishes and a bread plate.

T. Schwartz Has Broken Wrist, Burns

A bottle of insecticide and a fall proved disastrous Monday morning for Thomas M. Schwartz ,city treasurer, partner and president of the Sierra Madre Hardware Company at the store, 25 W. Sierra Madre Blvd.

Mr. Schwartz suffered a broken right arm just above the wrist ,a chipped bone and minor but painful burns. He was treated at St. Luke Hospital and later returned home.

Working in a window he accidentally overturned a bottle of insecticide which fell to the floor and broke. As he stepped out of the window, Mr. Schwartz slipped and fell burning himself with the insecticide and suffering the bone fracture.

His partner, Emile E. Smith, administered first aid dressings and conveyed him to the hospital where he was attended by Dr. Mervin H. A. Peterson.

Two Editors Are Honored By Kiwanis

The pen is mightier than the sword! This was the theme of the presentation of the gift to Ed-E. Herwig, former editor and publisher of the Sierra Madre News, honor guest at the meeting of the Sierra Madre Kiwanis Club on Tuesday.

Special tribute was paid former Editor Herwig for his contribution to the Kiwanis

Jack Kennedy Becomes Ad Manager for S. M. News

Coming to the **SIERRA MADRE NEWS** as advertising and merchandiing manager is Jack Kennedy of 633 S. Pasadena Ave. ,Glendora, who began his new duties this week.

Mr. Kennedy succeeds Earl Stewart who resigned to become advertising manager for a San Jose newspaper.

Mr. Kennedy brings an accumulation of advertising and merchandising experience which, it is certain, merchants and businessmen will prove beneficial to the of Sierra Madre, Hastings Ranch, the Rosemead-Foothill, Oaks-Highland and Sierra Madre Villa areas, a rich field of 20,000 inhabitants characterized by high priced homes and a vast purchasing clientele.

His previous experience has been with the Los Angeles Examiner, the May Co. retail production department in Los Angeles and the Anaheim Gazette.

Council To Decide At July 10 and 24 Meet

At an adjourned meeting of the City Council Friday evening June 29, with all Councilmen present, it was the concensus of opinion, that this coming year would forsee the first tax hike of the City of Sierra Madre that has been made in many a year.

City Administrator Lawrence C. Bevington aptly presented the reading of the 62-63 preliminary budget, explaining in detail the various funds, and the difference in the departments requests. The purpose of this review was to open for discussion the possibilities of any further cuts in the budget and at the same time acquaint the Council members with what could be done relative to the Flood Control Plan involving N .Sunnyside and Skyland.

The Council members, as a whole, were quite definite in that, something must be done about the proposed flood plan, and that it must be done in a limited time. Whether it be a temporary solution or a permanent solution must be decided by Sept. 1, with the hope that it can be decided by Aug. 1.

Depending entirely upon the engineers for the Skyland plan, the Council hopes to have both projects under discussion on the July 10 meeting, with definite plans forthcoming for the Sunnyside project and the decision on the Skyland project being made at the July 24 meeting.

A four-group plan, under deep consideration of the Council, would involve the City of Sierra Madre, City of Pasadena, County of Los Angeles and the sub-divider Murphy, all of which would share in the expense of the plan. Pasadena, rather cool about the situation has been advised by their attorney, that for their protection they can put money into the project and their decision will be forthcoming in the next week to ten days.

A summary of the cost of the Storm Protection Plans was presented to the Council, which included: Sunnyside Storm Drain, $60,000; Skyland Debris Basin No. 1, $60,000; Skyland Debris Area No. 2 $12,000; and the Skyland Upper Drain at $45,000 for a total of $177,000.

The presented summary for the payment of this protection was set down as follows: Existing Flood Control Funds, $7,400; State Gas Tax Funds, asking the state for permission to use, $20,000; County Gas Tax Funds, also needs permission, $10,000; In-Lieu Motor Vehicle, asking advice of attorney, $40,000; Sales Tax,

Shall Tree Be Given Protection

When should a tree come down and when should it be protected? This was the question presented to the Board of Directors of the Sierra Madre Chamber of Commerce at its regular monthly meeting at the Headliner Tuesday morning.

The tree in question is the pepper tree at the curb on Kersting Court.

Reason considered for its removal were elimination of a dark spot in spite of the new street lights, providing an additinal parking space and street beautification by the growth of the Indian Laurels and new street lighting.

A committee was appointed by President John Curtis to study the situation and make recommendations, with Sterling Ripple as chairman.

A RESOLUTION was passed thanking Ed-E. Herwig for his past cooperation with the Chamber and his many contributions to the

Give A July 4th Buck

Now Is The Time For All Americans To Be Counted

It's **JULY FOURTH!**

Time to unfurl and wave **OLD GLORY!**

Time also to make certain that the **AMERICAN FLAG** — 50 stars and all — waves from a new flagpole which it is proposed to erect at the western apex of Kersting Triangle in Downtown Sierra Madre.

Cost of a new aluminum flagpole and flag is $1,000 being sought by the **DON JACKSON - SIERRA MADRE NEWS FLAGPOLE FUND.**

Cost to each Sierra Madrean and those in the area is only **ONE BUCK** ($1) apiece.

What a small **"Admission Fee"** to the **CAUSE OF AMERICAN PATRIOTISM.**

So far contributions total around $400.

So $600 more is needed — just 600 **ONE BUCKS.**

Wouldn't it be a grand and glorious gesture if on July Fourth 600 residents of Sierra Madre, Hastings Ranch, Sierra Madre Villa, the Oaks-Highland and Rosemead-Foothill areas, each sat down to their desk, leaned back and indulged in a vista of George Washington, Tom Jefferson, Ben Franklin, John Adams, Andrew Jackson, Lincoln, Grant, Sherman, Teddy Roosevelt, Woodrow Wilson, Eisenhower, Patton and the countless others who have given whole and steadfast devotion to America, then took **ONE BUCK** from their pocketbook, placed it in an envelope, with their names and addresses and mailed it to the **DON JACKSON-SIERRA MADRE NEWS FLAG-**

IT WAS SWINGING IN THE AIR and gazing from the ground Tuesday when a group of city, Chamber of Commerce and Southern California Edison officials put their stamp of approval on Sierra Madre's new, improved street lighting for W. Sierra Madre Blvd., a betterment backed solidly through the months by the SIERRA MADRE NEWS. From the left: Mayor W. Webster Vannier, John H. Curtis, Chamber of Commerce president; Thomas M. Schwartz, city treasurer; H. L. Johnson, commercial sales representative, Southern California Edison; C. A. Garrison, district representative for Southern California Edison, and Robert H. Green, its local representative. Swinging in the bucket at the top of the installation crane is Norman Bullard while on the ground is John Allen, foreman.

IT WAS FULL STEAM AHEAD for Sierra Madre's Tournament of Roses parade float at last Friday's organizational meeting. The theme will be selected this Friday from 48 suggestions. From the left: Mrs. Grace Van Reed, food and hospiality committee; Bill Bennet and Manuel de la Torre, co-chairman. Manuel also is in charge of design, engineering and constructing the float.

Float Theme To Be Selected Friday; Committees Named

Selection of a theme for Sierra Madre's Tournament of Roses parade float enterprise, will be made Friday night from an almost overwhelming 48 suggestions submitted at the meeting in the Chester F. Lighthizer home, 100 Colony Dr., last Friday night.

Friday's meeting will be in the Mr. and Mrs. Malcolm Birch home, 234 Ramona Ave,. and a large attendance is desired.

Co-chairmen Bill Bennet and Manuel de la Torre started definite activities for the year by naming committee members which will have the responsibilities of organizing and building the float.

COUNCLIMAN Ralph H. Rule was again named treasurer. Ann Tyler will be in charge of the Rose sales committee, with Myrt Waite and Jody Beavers assisting. Finance committee chairmen are James and Florence Fisher, with Joe Barboza and Elinor Jenkins assisting.

In charge of float flower decorators will be Betty Collup. Phyllis Bennet and Joe Ana Williams. Bud Hartman chairmans the engineering committee. Construction volunteers include Bryce Tyler, Vern Foster, M. Van Reed, Carl Brand, George Throop, "Red" Waite, Capt. Gene Malone ,Lawrence C. Bevington and Robert Fourney.

Virginia Lighthizer heads the food and hospitality committee, with Madge Malone and Grace Van Reed assisting. Flower selection committee comprises Betty Birch, chairman, with Nancy Throop assisting.

MANUEL de la Torre is again chairman of the design committee, with Susan Maloney and Mary Barboza assisting, while Chet Ligh-

Woman Motorist Threatens to Kill Youngsters

A woman driver, evidently a mental case, who threatened to kill children in the area, occasioned considerable trouble Monday for Police Officer Douglas Tucker at N. Mountain Trail and E. Sierra Madre Blvd.

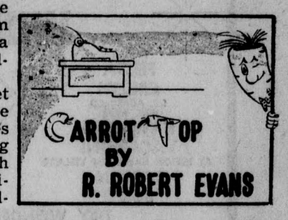

In order to get the woman on her way Officer Tucker had to summon aid from an Arcadia police unit.

The woman who stopped her car at the intersection, repeatedly declared that "I have killed children before and I'll kill them again."

Finally, she was induced to get back into her car and drive off.

A column written by the publisher has for many years been standard practice among weekly newspapers all over the state and over the nation, for that matter . . . publishers who, through their interest in local affairs, use their column for personal comments and commendation for special achievement. This is only one of the many rewards for being a publisher . . . offsetting long hours, low pay any inky fingers. Whether or not the column is of interest to readers of the Sierra Madre News is a matter which will be up for discussion at a later date.

So now that we've established the "Why" for this epic, we come to the "what." What shall we call it? Somehow, in the State of Kansas from whence we came, this writer was dubbed as "Carrot Top" . . . one good reason for this was the crop of red hair, so as they say back in Kansas, once a carrot top, always a carrot top, so why try to change. Hence the heading.

Well, the column's been christened and we're off on a new venture. It's time now to settle down and devote our days to becoming acquainted with our new community and its many, many fine people.

—CT—

There is, of course, just a lot about the Sierra Madre area your new publishers must learn. And, quite frankly, we're all ears any time anyone has a desire to share their knowledge. We imagine our first major contacts will be with the business people of Sierra Madre, many of whom we saw and met in our first days and weeks here. At this time, however, our connections with the city was unknown to most of them.

The constructive attitude and love of this area shown by the merchants, business and professional people, and, yes, even Mr. John Q. Public, has indeed been an inspiration and a joy to see and hear. These are the people who are working and planning with civic leaders, expanding their services and lending a friendly, helpful hand to make Sierra Madre a better place in which to live, work and play. Their goal is always ahead of them, for while some would achieve a level of contentment, the Sierra Madre area business firms are constantly watching for a way of improving, of bettering their services. This spells a wonderful future. These are the builders of our present and the watchdogs of future prosperity. And it's good, a good feeling to be here to share in any small way in the work of this great majority.

—CT—

Had a long and most interesting talk with John

(Continued on Page 9)

An Introduction to Your New Publishers . . .

As previously announced, with this issue of the News, new Editors and Publishers take over the privileged duties of publishing your weekly newspaper.

R. Robert Evans and Peggy L. Evans, more informally known as "Bob" and "Peggy" came to Sierra Madre from Shafter, California, Kern County, where they sold their publication, the Shafter Press this last year. Prior to this they were Editors and Publishers of the Tustin News, a weekly newspaper in Tustin, California, Orange County, coming from Portland, Oregon the early part of 1955.

Bob, born and raised in the State of Kansas took his apprenticeship in printing and publishing in the State of Illinois, moving to the Pacific Northwest in 1937.

Peggy is a native webfoot from Portland, Oregon, having devoted many years beside her husband in the publishing business, will now assist, from the home, in publishing the best newspaper possible for the City of Sierra Madre.

Having purchased a permanent residence at 350 Toyon Road, construction of which is expected to be completed by July 10, Bob and Peggy both realize that they, too, will share in the problems of growth and planning which may face the people of Sierra Madre, Los Angles County and the entire Valley, and will make every effort to lend their strength and encouragement toward betterment of the many beautiful things already achieved by those before them in this garden spot of the great State of California.

It is with great anticipation that they look forward to meeting and knowing each one of you in this community and they anxiously await the time when they will be known as just Peggy and Bob to all of you.

Dr. Findlay E. Russell to Leave For England Soon

Dr. Findlay E. Russell, director of the Laboratory of Neurological Research, Loma Linda University, Los Angeles County General Hospital, will leave soon with his family for a year's stay at the Department of Zoology, Cambridge University, England on his sabbatical.

Dr. Russell is an internationally known venomologist, and he and his research assistants spend a good amount of time each year roaming across Western deserts and mountains gathering specimens for their experiments. The laboratory also serves as an information and antivenom center for doctors called to treat poisonous reptile or insect bites.

The study of venom has been conducted at the Research Building for the past seven years and a new building for the experimental animals is being erected by Don Maperus of Laurel Ave., Sierra Madre.

Through the persistent study of the varied effects of all animal venoms, Dr. Russell and his research team hope eventually to arrive at complete and detailed knowledge of animal toxins. These dedicated researchers believe the number of persons who suffer and even die from bites and stings each year will, in the future, be far outnumbered by those who will be benefited by research and study into the almost unlimited possibilities of venom therapy.

When Yvonne Majerus, cute "Girl Friday" of the Laboratory makes out her monthly grocery list, she orders — 400 pounds of rabbit pellets, 200 pounds of food blocks for rats, mice and hamsters, 100 pounds of gpinea pig diet, two cases of cat food, one bale of alfalfa hay for habbits and guinea pigs, two cases of baby food (for cats) plus 200 pounds of bedding for cages.

Use Resuscitator to Revive Woman

Police Sunday used a resuscitator to revive Mrs. Betty Berry at 18 Vista Circle Dr., suffering from bronchial pneumonia, and then had her ambulanced to Sierra Madre Community Hospital where she is reported recovering.

WINDOWS ARE BROKEN

Police report cites that several windows were broken over the weekend at the Thomas W. Ames home at 305 Ramona.

Eighteen replicas of Early American cast iron savings banks will go on display at Home Savings and Loan Association, 60 E. Huntington Dr., Arcadia, from July 6 through July 19, according to Russell L. Stickney, vice president. Patty Wymer, left, and Nancy Gastelum of the Al Burton Teenage Program are shown with the banks which feature mechanically constructed moving parts. The banks depict various phases of American life, dating back to the pre-Revolutionary War period. The free exhibit will be on display durng regular office hours.

Feather River Water Has Degree of Hardness O.K. For Use In This Region

EDITOR'S NOTE—This is the third of a series on the water situation for Sierra Madre and the San Gabriel Valley prepared for the SIERRA MADRE NEWS by City Administrator Lawrence C. Bevington. Another will appear shortly.

When making any capital investments that it is hoped will last for a long time, there are four major questions to be asked: How good is the quality; When will it be available; Is the amount available adequate; How much will it cost? In considering a future water supply, these same factors are considered:

WATER QUALITY—Water quality is determined by its purity, certain chemicals contained such as iodine, flurine, and its hardness. All three supplies potentially available to the San Gabriel Valley (local, Colorado River or Feather River) have a good purity rating and all three have an acceptable chemical level.

The three sources have a considerable difference in hardness. Hardness is a numerical rating which indicates the number of alkaline particles. These are the particles which collect on the inside of the pipe and block the water flow,affect the action of soaps and in general are a nuisance and an expense.

The local supply has a hardness of 225 parts a million which is about that of the rest of Southern California. Colorado River water has a hardness of 360 parts a million which is excessively high and is causing trouble in those areas where it is taken directly into the pipe lines and the enginers feel it would seriously deteriorate the underground basin.

Feather River water has a good quality, with a hardness rating of only 105 parts a million. This water would be acceptable either taken directly into the water lines or into the underground basin.

WHEN AVAILABLE—Local water is presently available but the supply is less than the present use, so some supplemental supply will be needed soon. Considering the probability of a return to normal rainfall, it would appear that the local supply would be adequate until approximately 1970.

Colorado River water, which is the only present MWD source, would be available at any time that this area voted to join the Metropolican Water District. Under the present commitments of MWD the supply would be adequate to meet the needs of the San Gabriel Valley.

Feather River water, according to the original plan, is scheduled to reach the San Gabriel Valley area in 1972 and while there appears to be some effort on the part of the MWD to hold up construction of the East Branch, which is vital to servicing of the San Gabriel Valley, the cities are making a strong effort to assure this construction at least by 1972 and possibly earlier.

Next week: Is the supply adequate and what will be the comparative costs.

Confab Stresses Bible Knowledge

Entire families of Jehovah's Witnesses will be enjoying the "Courageous Ministers District Assembly," July 13-15, in Pomona. Unlike many conventions, this one features a program that is highly instructive to young and old alike, stressing Bible understanding as a guide in these troubled times.

John Godfrey, Bible study director for the Temple City Congregation, said, "Jehovah's Witnesses believe in putting emphasis on first things first. Our children are precious to us and we follow the Bible counsel regarding them stated at Proverbs 22:6, 'Train up a boy according to the way for him; even when he grows old he will not turn aside from it.' Therefore, at these assemblies, our first concern is that our children are present with us."

Don Benito PTA Honors Its Leaders

Climaxing Don Benito PTA events for the school year, an appreciation luncheon honoring teachers, staff and new PTA officers was held recently in the school cafeteria. Guests at the affair which was presided over by retiring president Mrs. William Blakely, included room co-ordinators, room mothers, PTA board members, and Youth Group Leaders.

Edward Shutman, principal, expressed his appreciation to teachers and school staff for their fine work and to the PTA for its cooperation. A farcical musical composition, "I Was At a Meeting of the PTA," was sung by Mrs. Neil Rowley accompanied on the piano by Mrs. Chester Mayo.

CONDUCTING the installation of officers was Mrs. John Ranks, former president of the Don Benito PTA. Slated to handle activities for the 1962-63 school term are Mrs. H. Alfred Dunn, president; Vice Presidents—Mrs. Edward Donald, program; Mrs. Victor Harris, budget; Mrs. William Morzov III, ways and means; Renolds Cairncross, men's activities; Mrs. Donovan Davis, room mother chairman; Mrs. Jean Clarence Burr, teacher representative; Mrs. Jean Jenkins, recording secretary; Mrs. Herbert Lacey, corresponding secretary; Mrs. Paul Ross, treasurer; Mrs. Al Korngiebel, historian; Mrs. William Blakely, parliamentarian.

CC-CHAIRMEN of the luncheon were Mrs. Robert Ogle and Mrs. Rod Carley assisted by Mrs. Herbert Lacey, invitations; Mrs. Robert McKnight, Mrs. Edward Messenger, Mrs. John O'Donnell, decorations; Mrs. Paul Ross, Mrs. Bennett Souther, Mrs. Stanley Krugman, Mrs. Grant Brown, Mrs. Robert Houseal, Mrs. Jean Rosskopf, Mrs. Neil Brady, food; Mrs. Edward Schuck, Mrs. Robert Hunt, serving; Mrs. Allan Pulsifer, Gordon Foster, Randolph Wilbur, Gene Vance, Robert Victor and Arthur Young, general assistance.

Dennis Ower on Dodger Roster

Culminating a two-week period, which included nine workouts, a final game at Dodger Stadium and the screening of more than 350 players, the 17-man Dodger Rookies team of 1962 has been selected.

Dodger Director of Scouting Al Campanis announced the squad of seven pitchers, three catchers, four infielders and three outfielders today. An additional player will be named within the week.

The fifth edition of the Los Angeles Dodger Rookies will inaugurate a 37-game schedule July 1, and conclude its slate on Sept. 3.

Composed of high school graduates and college freshmen, the squad represents players from 15 Southern California areas.

The 1962 roster included Dennis Ower, right hand pitcher with shirt number 8 of Sierra Madre.

Burglars Enjoy Meal and Nap at Toyon Road Home

Burglars who leisurely partook of a meal and enjoyed a brief nap, forced entrance last Friday into the hillside home of Mr. and Mrs. Lester L. Luxon at 315 Toyon Rd.

Entrance was gained through forcing of a louvre window at the rear.

With the Luxons away, they obtained only two $1 bills and a 50-cent piece found in Mrs. Luxon's purse, plus some cigarets.

But they stopped long enough to set two places, silverware and all, at a table, enjoy some food and then take a brief nap in a bedroom.

People who are happiest in their old age are those who have kept their conscience in good repair.

AMONG THE 550 PERSONS joining the Republican Roundup in Dr. and Mrs. Jack Paschall's corral in Hastings Ranch recently were Joseph Phelps, Mrs. the successful fund raising affair for the East Pasadena-Sierra Madre Re- F. Robert Anderson, and Mrs. Phelps. Mrs. Robert Mueller was chairman of publican Women's Club.

Master Plan Is Outlined By Gorham at Meeting of Recreation Commission

A proposed plan for recreational development in Sierra Madre city properties was submitted by Commissioner J. E. Gorham to the Parks and Recreation Department at its meeting last Thursday night.

Six proposals were submitted by Commissioner Gorham, including renewed Masters Plan "for future development of the recreation facilities adequate to the present and future needs of Sierra Madre citizens."

THE SIX PROPOSALS are:

1—Establish the present and prospective character and distribution of Sierra Madre's population, particularly its ages, characteristics and distribution.

2—Catalog the types of activities and interests of the present and prospective Sierra Madre population in general and as related to particular age or other democratic interest group.

3—Analyze and codify plans, programs and activities of organized groups in Sierra Madre, with particular emphasis on the aspects of those programs which now, or in the future, may constitute a demand for recreational facilities.

4—Inventory existing facilities and resources of Sierra Madre which may be useful for recreation purposes.

5—THE RECOMMENDATION for a Masters Plan includes:

A—Evaluate the adequacy of existing facilities and installations in present and future requirements and, where adequate, the prospect of adapting existing facilities to meet future needs.

B—Construction and other action necessary to provide the required facilities either through adaptation of existing of facilities or development of new installations.

C—Such construction programs shall include tentative estimates of costs and timing of the requirements.

D—Particular attention will be given to the types of activity which can be incorporated in this program which are capable of being placed on a self-sustaining basis and the effect of this both on the total cost and total use of the facilities.

6—Consider how this plan can be coordinated with other city plans both from a financial and physical joint-use basis, drawing on the help of the Planning Commission, City Council, and the City Administration, as well as private groups.

NO SPECIFIC ACTION was taken on Commissioner Gorham's program, the commission preferring to wait until further suggestions may be received and evaluated.

Chairman Margaret Anthony reported the gift of $100 from the Civic Club for an expanded communitywide program for the senior citizens.

The Recreation Department's expense for the fiscal year just closed was $17,923, with total revenue of $15,554, or a cost to the taxpayers of $2,368, a per capita cost of 23 cents for every taxpayer.

Postmaster Back From Vacation

Postmaster Charles E. Louk is back at his post after a two-week vacation in and about his former home at Lawrence, Kan. Preliminarily, he attended the Kiwanis National Convention in Denver. He is president of the Sierra Madre Kiwanis Club.

Guests of Honor At Beauty Show

Mrs. Richard M. Nixon and her two daughters, Tricia and Julie, are to be guests of honor at the American Beauty Fashion Show, a ways and means project of the Arcadia Republican Women's Club.

The affair, which will be held at the home of Mrs. William Farrar, 1811 Rodeo Rd., Arcadia, on July 25, includes a salad bar luncheon starting at 11:30, a drawing on a wig in the winner's color choice, and fashions by Merry's of Arcadia.

Since reservations will be strictly limited to 300, and issued on a first come, first served basis, a check for $1.50 per person should be sent to Mrs. C. O. Porter, 1212 Santa Anita Ave., Arcadia.

Farewell Party Given Dr. Russell

A farewell party was given for Dr. Findlay E. Russell, director of the Laboratory of Neurological Research, Loma Linda University, Los Angeles County General Hospital, by Mr. and Mrs. Don L. Marjerus, 80 E. Laurel Ave. Mrs. Marjerus is secretary of the Laboratory.

Those present were Doctors and Mrs. Berry Campbell, Keith Hayes, Jacob Dubnoff, and Ellis Berkowitz and others of the Laboratory staff. The table was set in silver, crystal and onyx; punch, snacks and cake was served for refreshments.

Dr. and Mrs. Russell and family are leaving for a year's stay at the Department of Zoology, Cambridge University, England on his Sabbitical. He will be doing further research work and have access to the libraries in that area.

Dr. Russell is an internationally known venomologist. He is the editor of a new journal Toxicon; the first issue to be released this summer, and the president of the new International Society of Toxinology, of which Mrs. Majeus is corresponding secretary.

Four at Banquet of History Group

Attending the 8th Annual Conference of California Historical Societies banquet at the Huntington-Sheraton in Pasadena last Friday night were Mr. and Mrs. Raymond D. Andrews, Mrs. Helen Hill and Dr. Raymond B. Pease of the Sierra Madre Historical Society

Bethany To Hold Services In S. M. Memorial Park

Dr. Robert N. Schaper, pastor of Bethany Church of Sierra Madre announces that the next several Sunday night services will be held in the Sierra Madre Memorial Park. First such service will be Sunday night July 8 and continue through July 29. Time for the beginning will be at 7 p.m.

Dr. Schaper further wishes to announce Rev. Joe Blinco, Billy Graham's associate evangelist, will speak every night at the church beginning July 22. On that day he will also speak at the morning worship service. Rev. Blinco is a Britisher, having moved to Oklahoma City in 1958 to serve with Mr. Graham in his frequent evangelistic crusades.

Rev. Blinco will also speak in the morning to the men of the church and community. He is an accomplished public speaker and his wit and humor endears him to every group to whom he speaks.

Last year in New Zealand he spoke to crowds of more than 15,000 people on several occasions. The evening services during this series of special meeting will begin at 7:30 o'clock.

Car Accident Injures Two

Two persons were injured, one seriously, at 6:45 a.m. Saturday, when a two-door sedan crashed into the fire hydrant fronting the Union Service Station, N. Baldwin and E. Sierra Madre Blvd.

Injured were:

James Baxter Sanders, 21, of 1125 Steuben St., Pasadena—Deep cut on chin. Treated at Sierra Madre Community Hospital and released.

Mrs. Edyth Phillips, 45, his mother-in-law—Nose injuries, not serious.

SANDERS and his mother-in-law were driving in a '56 model car to their work at Sierra Engineering Co. plant when, in turning from E. Sierra Madre Blvd., he apparently lost control, according to Police Sgt. Homer Christiansen, and smashed into the hydrant.

Sanders, who was driving, was cut by glass while Mrs. Phillips had her nose bashed against the dashboard.

The car was an almost total loss and the fire plug which sprang a leak will have to be replaced.

Two Editors

(Continued from Page 1)

Club and to the community-at-large.

Following this, the succeeding editor of the News, Robert Evans, was introduced to the club. Editor Evans promised a continuation of the policies of the Sierra Madre News under Herwig.

THE PRINCIPAL SPEAKER was Arthur C. Arnold, chairman of the Americanism Educational League and a lawyer from San Fernando Valley.

Speaker Arnold emphasized the importance of protecting the constitutional form of government which this country still enjoys, founded by our forefathers.

He warned that the trend of the United Nations would ultimately desroy us if we permit this body to act with authority for us.

REV. GEORGE W. LINDSAY and Assistant City Administrator Thomas Butch presented trophies and ribbons to Sierra Madre youngsters who recently won awards in tennis tournaments.

Presentations were made to Richard Cross, 284 Hacienda Dr., Arcadia, first place, and to Tom Price, 173 White Oaks Dr., Arcadia, second place, for boys under 12; Richard Dauben, 401 N. Sunnyside, Sierra Madre, first place and Bill Mattingly, 51 W. Forest, Arcadia, second place, for boys under 14.

Don Jackson, 470 W. Sierra Madre Blvd., first place, and Tim Wilson ,329 Heather Hts. Court, Monrovia, second place, for boys under 16; Gail Bruning, 161 W. Grand View, Sierra Madre, frist place and Sherry O'Connell, Madison Ave., Monrovia, second place, for girls under 16.

NOW . . .

(Continued from Page 1)

POLE FUND, care of the Sierra Madre News, 9 Kersting Court, Sierra Madre, Calif.

It surely will be appreciated.

Of course, there is no limit to the amount you may contribute and you can make it **MANY BUCKS** instead of **ONE BUCK,** if you wish.

Thousands of tourists pass through Sierra Madre weekly — you know 10,000 motorists alone use Sierra Madre Blvd. each day. And wouldn't it be splendid if in crossing our city they would see so plainly the American Flag flying bravely from a flagpole in Kersting Triangle?

Your name and address will be recorded in our **FUND BOOK** and this will be placed in a special receptacle at the base of the Flagpole at dedication ceremonies.

Miss Eleanor Beatrice Marable, former Sierra Madre resident, now living at 109 Ashby Ave., Elkton, Virginia, paused long enough preliminary to going to a Harrisburg, Pa. hospital for an operation, to place **TWO BUCKS** in an envelope and mail it to the Sierra Madre News because she has an "abiding love for Sierra Madre."

"I love Sierra Madre with a deep and abiding love, writes this former resident. Due to illness I am late in mailing my $2 to help erect the flagpole in Kersting Triangle in Downtown Sierra Madre. Tomorrow, I go to the hospital in Harrisburg, Pa. (27 miles west) to be operated on. So in my last minute preparations I am mailing this $2 to you."

If Miss Marable, in far-off Elkton, Virginia, nestling between the Blue Ridge and Allegheny Mountains, can so unselfishly send $2 for the **FLAGPOLE FUND,** surely every adult resident in Sierra Madre and surrounding area can put **ONE BUCK** in an envelope and mail it to the **DON JACKSON - SIERRA MADRE NEWS FLAGPOLE FUND.**

Will you give **ONE BUCK FOR OLD GLORY?**

....Do it on **JULY FOURTH.**

Pennant

(Continued from Page 1)

all observence of the games played during the season showed that Sierra Madre has some of the highest standards of ball-playing, and best sports among the boys and parents, that can be seen around here.

Last Saturday the manager hosted the team, in the back yard of his home, to the annual Bar-B-Q that the team has. The big difference is that this year is the first time the team has won the pennant, so there was special celebration by the boys. Within the next couple weeks they will have another get-together for the purpose of passing out the trophies that the Little League is presenting to the winning team.

ATTITUDE

A pessimist feels that life is a game of chance, and that the cards are stacked against him.

Ranch Roundup

By Joyce Wenger

SYcamore 8-4777

Hope yours was a happy and safe Independence Day and that your ears have stopped ringing from the seemingly supersonic blasts at the Rose Bowl.

Our family annually looks forward to the day with as much enthusiasm as the anticipated arrival of Santa. Indeed, our 90-year-old home lends itself effectively to an "old fashioned" celebration of both holidays. Our 28 guests (including two from Minnesota and five from Texas who have missed spending but one July 4th with us in nine years) literally leaped into the spirit of '76.

Highlight of the day, second only to the delectable food my guests prepared) was our annual pageant. There was a slight upset in the beginning when 8-year-old Billy Haveline declared his independence by refusing to portray Paul Revere. He thought he had outgrown the part after three years, and delegated responsibility of warning "The British are coming," to 5-year-old Mark Wenger.

After a hasty conference among the mothers, Billy was elevated to a senior statesman signing the Declaration of Independence, and the pageant continued on to the grand and glorious finale!

* * *

MUST HAVE BEEN a gala convention when 6,800 girls gathered in Long Beach last week for the International Order of Job's Daughters. We were wel represented by Heather Blakely, Mavis Morgan, Rene Valois, Martha Warriner, Diana Pursley, Judy Phelps, Carol and Pam Cairncross, Linda Stine, Susie Sieler, Lois Williams, Linda Breashears and Queen Cheryl McKibben. The girls were chaperoned by Mmes. Frank McKibbin, Reynolds Cairncross, Charles Love and Robert Williams.

Yesterday, these girls, along with other members of Bethel 128, enjoyed a swimming party at Carol Pyle's home on Lambert Dr.

* * *

RESERVATIONS for Trinity Schooner Club's Family Night at the Bowl are still being accepted TODAY by planning committee members Lenna and Draper Jennings, Betty and Lloyd Donahue, Rhoda and Ken Smith.

More than 100 persons attended last year and the committee has high hopes of repeating that successful night. The date is July 20 (same as the Foothill Family Night at the Bowl), and buses will leave the church at 6:15 o'clock carrying picnic basket-laden Schooners and Voyagers. Early reservations have been made by the Burt Baileys, Les Barkleys, John Blacks, Charles Callows, Joe Cumminses, Robert Gobrechts, Pete Hurtigs, Wib Jordans, Woody Moores, Don Ostranders, Bill Pursleys, Horace Hays, James Stivers, Dan Taylors, Ed Thomases, John Venables, Rolly Whitteds, Andy Andersons, Mac Goodrichs, Jim McDowells, Bob Lanmans, Scott McMurrays and Ed McCalls.

* * *

ON THE MOVE: Two Ranch families are making preparations to call San Marino home, while the Donald Kenmonths will have a La Canada address. I loved Fran Kenmonth's facetious description of their future home, "just a small place; two-story colonial on an acre of land with tennis court, six bedrooms, four baths, etc."

But moving is not the only news concerning the Kenmonths. They'll soon be off for the World's Fair and Seattle houseguests of one-time Ranchers, the Robert Lillies.

* * *

PAT AND DAVID Hurford move to San Marino the end of this month. Which means new schools for Susan and young David; who, incidentaally, celebrated his 11th birthday anniversary on July 4th!

The Robert McKnights will soon be breaking ground for their new home on Old Mill Rd. in San Marino. Anne's description of the contemporary design sounds most intriguing. "Roman-Greecian feeling, built in a U-shape around pool and courtyard."

The McKnights with youngsters, Kathie and Robbie, will confine their vacationing to weekend jaunts this summer, including a trek to Lake Tahoe.

* * *

ETHEL AND JACK Mayhew were hosts at a gay garden party recently. There was an exciting contest to determine which guest brought the best decorated beer mug, an impossible decision, I'm told.

Then there was ping-pong, darts, and dancing which included the twist and mashed potato.

Party guests included: Messrs. and Mmes. Don Raible, Earl Luff, Bill Murphy, Charles Art, Stanley Krugman, Jewel Thibaut, Mac Hanson, Harry Langstaff, Malcolm Murison, Gene Vance, Peter Gnagi, James Reed, William Petit, George Mayhew, Don Kenmonth, John Dutcher, Howard Horn, Al Kelso and Ralph Judd. Pearl and Ralph Judd, former Ranchers, came down from Lancaster for the party.

* * *

CAUGHT EVELYN Cannon when she returned home from Seal Beach for a few hours on the day construction began on the Cannons' new swimming pool.

Sons Randy and Roger are house-bound until simultaneous completion of summer school and the new pool about Aug. 1.

Meanwhile, Evelyn and Dick, plus his relatives from Sun Valley and Fresno, are all congregating at the family's beach home for a reunion.

* * *

JAN AND BRITH Brittel hosted a party recently honoring Jerri and Bob Frey on their wedding anniversary

Guest list reads like a Field School parent show program — Cass and Pete Woodworth, Florence and Ray Bowers, Norma and Paul Nurchess, Evelyn and Dick Cannon.

* * *

PHYLLIS AND MERLE Miller spent a pleasant afternoon miniature golfing when they went along on daughter Nancy's 9th birthday anniversary party last Saturday. Nancy's guests were Jodi Thibaut, Sarah Lifton, Connie Pursley, Kay Meadows, Robin Harris, Nancy Ross, Sara Lynn Jones and Lynn Davis.

* * *

SHIRLEY COHEN recently gave a Coffee at her Rexford home honoring Patty (Mrs. Dean) Wolford's birthday anniversary, plus two vacation departing neighbors, Barbara (Mrs. Bud) Holman and Wilma (Mrs. Rudie) Eifert. Each was presented small gifts. The Eiferts were Missouri-bound to visit relatives and the Holmans' desination was New York City.

Coffee guests included Bea Boorey, Carol Wunderling, Marge King, Tudie Danchik and Loween Mayer. Mrs. Cohen's 15-year-old nephew, Bruce Saskin of Miami, Fla., arrived Saturday for his annual visit and a reunion with his many young friends in the Ranch.

* * *

DAVID SEILER'S condition is much improved, although he must stay at St. Luke Hospital at least another week. For those who may have missed last week's story—David's right eye was badly damaged when he experimented by hitting a .22-shell with a hammer, and a piece of metal pierced his eye. Doctors are not sure if David's eye can be saved, but I'm happy to report the pain has lessened and he's resting more comfortably.

All the youngsters in pediatrics shared David's cake on his 7th birthday anniversary last Thursday. Of course, there were many presents, too— and I hope David's friends will keep sending cards—and say a prayer, too!

STEVEN DEVONSHIRE of 3585 Greenhill Rd., Hastings Ranch, Pasadena, son of Bertha and James Devonshire, shown at left, giving money tree gift to Mrs. Anita Bosdanjoglou, Greek missionary, a recent arrival in California. This presentation was in honor of Mrs. Bosdanjoglou's untiring efforts in finding homes and loving parents in the United States for hundreds of orphaned children from Greece. Shown with Mrs. Bosdanjoglou is a partial group who are renewing acquaintance with her, having been responsible for their happy, new life in America. Above, left to right are Steven Devonshire, Anita Bosdanjoglou, Penny Karapono, Ellie Kallas ,Lea McCoy, Rosa Witczak, Anna Ash, Harold Salisian. Second row, left to right—Philip Calafat, Frederika Devonshire, John Devonshire, John McCoy. Front row, (kneeling)—Annette McKee, Tina Witczak, Anna Devonshire, Christ Witczak, Paul McKee.

No Fireworks in S. M. City Limits, Says Depts.

A joint warning was issued again this year by the Fire and Police Departments remind the residents of Sierra Madre that fireworks are not allowed within the city limits. There will be fire and police units patroling the city watching for violations.

As it has for the past many years, this particular ordinance is in line with many other city, county and state laws covering the fireworks situation, particularly in the areas bordering along any brush-covered lands, or mountainous country.

In Sierra Madre especially, the winter grasses are taller and more abundant this year, and at this time they are very much dead and dry, so that the least little spark from a firecracker or sprinkler or some other type of fireworks could set off a good-sized fire that might spread to another's home, or into the hillsides.

Fire Marshal Embree suggests that the townspeople who have to display fireworks for their children, go down to the Arcadia County Park, at Santa Anita Drive and Huntington Drive. Arcadia does allow the sale and use of fireworks in any area south of Foothill Blvd., but nowhere north of this street. It can be a very nice outing to have your picnic supper in the park, play games, and as the evening draws on to fire off your fireworks. Furthermore, at 9 p.m. there is a large fireworks display fired off at the park for the enjoyment of the spectators, courtesy of the Arcadia American Legion.

Above all, Fire Marshal Embree stresses that he is concerned for the fire and life safety of the local citizens, and the best way to thwart any possible accidents, either burned children or burned property, is to cooperate in every way by removing any fireworks that the children might come up with, or to take them to the Arcadia Park.

Please heed this warning a fire every 30 seconds—the next one could be you*

Trees

(Continued from Page 1)

community life in Sierra Madre, as editor of the Sierra Madre News. The Sierra Madre News has now been sold to Mr. and Mrs. Robert Evans of Shafter. The new editor, Robert Evans was introduced to the directors.

Other business transacted at the Chamber meeting was the appointment of Robert Green, manager of the Southern California Edison Company, to make a survey of possible Christmas decorations in harmony with the beautiful new street lighting standards.

The following additions to the Chamber of Commerce membership were announced by President Curtis: Carl Hansen, Ford; Cunningham Stationers; Toy and Patio Village, Art's Pet Supply; Sierra Madre Coffee Shop and Gregersen's Interiors. Membership in the chamber is now near the one hundred mark with additional merchants and business men expected to join. "The Chamber now, more active than ever before," said President Curtis, "is planning many features for city betterment, beautification and general business stimulation."

Missionary From Greece Honored

An annual hamburger barbecue was held last Sunday at the home of Bertha and James Devonshire, 3585 Greenhille Rd., Hastings Ranch, Pasadena.

The occasion was to honor Mrs. Anita Bosdanjoglou, a recent arrival from Greece, who has done much to find resposible parents and happy homes in our country for hundreds of Greek orphaned children.

Mrs. Bosdanjoglou was greeted by many Greek boys and girls in attendance, all of whom were most fortunate to have made her acquaintance formerly in far-off Greece.

Forty-three proud new parents attended the barbecue party in showing their appreciation and to make Mrs. Bosdanjoglou's visit to Pasadena one to be long remembered.

The trouble with this fast age seems to be that people are more interested in speed than direction.

AN OPEN LETTER TO ED:

Dear Ed:

By now the ink is beginning to fade from your energetic hands, but I know that it still courses through your veins with wild abandon. The only maxim, "once a newspaperman always a newspaperman" was never more fitting than with you.

You came to this town less than three years ago and you made it your own. You fell in love with it and its problems became yours; its people were yours, right or wrong—you have given to this town all of your waking energies.

There were those who pulled against you, even quit the paper because of your pointed editorials. I always loved it when I heard a few people say that they wouldn't take the paper because you made they so mad. It is true, you did make a lot of people mad, because a lot of people didn't want to be awakened to the fact that we could have problems.

You stirred them up, you made them think. There are many do didn't agree with you, but they respect you because you were always willing to say what you thought and fight for what you believed to be right, and apologized rather than excused when you were wrong.

* * *

WE SPEAK of Independence Day. With your kind of journalism and your kind of Americanism, the only "ism" you would ever tolerate, our country can have its independence.

Ed, we are going to miss you and Edna. Her faith in you and her backing and support have made her just as important to our town as the editor-in-chief.

Somewhere, some day, I know the ink will break through again as it certainly should, for as long as there is a breath of life in your body, you have a job to do. Meantime, enjoy your vacation with good heart, and all of the best wishes from the entire staff.

Yours,

TONI.

* * *

AND NOW on to the column:

Lying on your back in a hospital for more than four months can be a rather trying and lonely time, especially when you are in Long Beach and your home is in these Sierra Hills.

This is the plight of George Amthor of Barhite.

George recently has undergone major surgery on his spine after waiting since Easter for the diagnosis. He probably will be down for at least three months flat on his back.

I know he would appreciate cards and flowers, and to facilitate them I will give you his address. It is Long Beach Veterans Hospital, Ward G-3, Bed 10, Long Beach, Calif. Incidentally, he is doing really well.

* * *

UPPER HASTINGS' loss is our gain. Mr. and Mrs. Charles Hardison and their 15-year-old daughter, Robin, have moved into their recently purchased home at 3390 Fairpoint. They have not only moved in, but they are settled, a feat not too easy to accomplish.

The Hardisons are widely knoyn to this paper for some of the fine work they have done in behalf of the Cystic Fibrosis Guild. Phyllis is an honorary member, and an active one at that.

Hobbywise, they are both stereo bugs. She says when they are home you are most sure to hear the music playing.

Mr. Hardison is associated with Foster and Kleiser Advertising.

* * *

VACATIONWISE, Dr. and and Mrs. Robert Mueller of Old House Rd. and their two children, Stevo and Mellis, and Duncan Smith flew to Santa Catalina last weekend to be with the Duane Whiteheads in their family place.

* * *

THE EUGENE KOCHS of Wynn Rd. are in the "showing the picture" stage after their recent tour of Europe. You know, the only people you can talk to about your trip are the ones who have been and the ones who are going. I thoroughly enjoyed hearing every detail as it gave me a chance to talk, too.

They rather well did the mid-Continent, England, France, Italy, Switzerland, Germany and all.

They bought a Porsche in Stuttgart and were able to move around much at will, stopping wherever they chose.

They spent five days with Amy and Joe Philipson, which made their stay in Paris one long to remember.

The Philipsons are speaking fluent French at this point so language there was no problem. As is so often the case in May, they ran into quite a bit of rain, but the flowers and verdant land more than compensated for any discomfort.

Mrs. McTavish, Gas Firm Employe 31 Years, Is Dead

An employe of the Southern Counties Gas Company for 31 years, a Sierra Madrean for 15 years, and a Californian 50 years, Mrs. Irene Anna McTavish, 58, passed away on July 1 at Huntington Memorial Hospital following a years illness. The home is at 164 San Gabriel Court.

Mrs. McTavish is survived by her husband, Gordon W. McTavish; a brother, Harvey Becker of Monrovia, and a sister, Mrs. Evelyn Dyer of Tollerson, Arizona.

Rosary for Mrs. McTavish who originally came from Wisconsin, will be recited Wednesday at 7:30 p.m. in St. Rita's Church, with Mass scheduled for 9 a.m. Thursday, with Rev. Thomas J. O'Malley officiating. Interment will be in Calvary Cemetery. She was a cashier with the gas company.

Don't try to break a speed record on the highways — you're apt to break your neck before you break the record.

Final Game of Season

Big Day of Baseball Saturday July 7, 5pm

By Phyllis Benet

Saturday, July 7, at 5 p.m. at Heasley Field, is the day of the baseball game between the Minor League and Little League managers.

All these men have given many hours managing and directing youth baseball activities. At long last, it's their opportunity to relax and enjoy their own game. This event will be officiated by boys who have participated in Little League play this season.

The Women's Auxiliary's concession stand will be open for business and the game will be announced over their new public address system. (Ths PA system is available for rental purposes to groups, for parties and dances.

As this will be the final Little League game of the year, the Sierra Madre Baseball Association looks forward to a record crowd. Baseball parents may show their appreciation as cheering spectators.

WINDING UP team play for Minor League's season was last Saturday's game between the pennant winning Mounties and the Minor League All-Stars. The All-Stars won, 10 to 9, in a hard fought six-inning battle.

Little League activities consisted of nominating members for the Little League All-Star Team. The All-Stars will be managed by Bert Embree, Sierra Madre fire marshal and manager of the League winning Dodgers. Coaching will be Ray Obazawa, manager of the second place Orioles. Boyd Smith, Sierra Madre building inspector, will be official scorekeeper.

The All-Star Team will play in their Area Tournament, against Hastings Ranch on July 20 at Eugene Field, 3200 Sierra Madre Blvd. Game time is 5:30 p.m.

BABE RUTH LEAGUE, in the fifth week of their league play, find the Highlander's Cardinals still in the lead.

BABE RUTH TEAM

STANDINGS 5th WEEK

Team	Won	Lost	Pct.
The Highlander's CARDINALS	8	2	.800
Sierra Madre Fire Dept.'s & Harry Lange's SENATORS	5	5	.500
Morehouse Foods WHITE SOX	4	6	.400
Kiwanis GIANTS	3	7	.300

All Babe Ruth games are played at 5:30 p.m. at Sierra Mesa School. Official scorekeeper is Roger Kieth.

BABE RUTH GAME SCORES — 5th WEEK

White Sox, 5 vs. Giants, 3.
Senators, 4 vs. Cardinals, 3.
White Sox, 10 vs. Senators, 5.
Cardinals, 7 vs. Giants, 4.

2 Youths Attend Red Cross Center

Stephanie Turner, 265 Rancho Rd., Sierra Madre, was a delegate to the Southern California High School Red Cross leadership center in Riverside. Stan Westfall, 696 N. Auburn, Sierra Madre, was on the junior staff.

The center, sponsored by the Pasadena, Riverside and San Diego chapters, American Red Cross, has a four-fold objective:

To help delegates develop leadership and human relations skills; to provide learning opportunities in which delegates may become informed about high school Red Cross, to be better able to interpret the program; to encourage understanding of school, civic, national and international affairs through participation in Red Cross, and to offer a valuable experience in working, learning and living together.

Ninth Annual Safety Run Show Sartains Place Second

In the ninth annual Youth Safety Run sponsored by the Police Advisory Council for Car Clubs June 25, 26 and 27, starting in West Covina and extending to Yosemite National Park and return, the Sartainc Club of Sierra Madre advised by the Sierra Madre Police Department, achieved a splendid record.

The car entered by the Sartains placed second in the Economy "6" Class with a grand total of 23,374 miles per gallon. The boys covered 803 miles round trip, or a grand total for all cars of 27,242 miles.

The 1962 Plymouth used by the Sierra Madre entry was driven by Dugan Garlinghouse, with the co-driver Philip McNade. Observer from the Sartains car was Robert Gaspar.

YOUNG GASPAR was selected as the first place winner for the best observer on the run.

In all, 34 cars were entered, all driven by boys under 20 years of age and all members of police advised car clubs.

Cars entered are new cars donated for the run by car dealers. They are classified as compact, semi-compact, economy "6," low-price V/8's and medium price V/8's, with first, secand and third place awards in each class. Awards are based on best gas mileage for the entire run.

Safety enters into this run because any violation of the California Vehicle Code by driver or co-driver is noted by the observers in cars following.

There is an entry fee of $150 a car and this was deprayed for the Sartains through donations from various merchants, the Sierra Madre Fire Department and interested citizens.

New Apartments Viewed By 400

Barney Yunck, co-developed of the Town House Apartments today announced a strong turn-out at the Grand Opening of the 45 unit, 1½ acre complex of rental units at East Highland and North Mountain Trail, this past Sunday. Yunck stated that the opening sponsored by his firm and Southern California Edison Company hosted between 300 and 400 visitors. Refreshments were served by Lorraine Ray, SCEC home economist who was on hand to explain the advantages of Gold Medallion all-electric living to the prospective tenants.

Mr. Yunck stated that the encouraging activity produced several tenants and that credit was due this newspaper for at least a share of the response. The apartments are open for viewing daily until fully occupied.

ABOVE ARE SHOWN Mr. and Mrs. Cullen R. Weems of Santa Anita Oaks, Arcadia who will shortly conduct a European Fun Tour, and Miss Caryl Ritterrath of Eaton Dr., Pasadena, teacher in the San Gabriel Schools, who will be one of the group entour. Mr. and Mrs. Weems have been chosen tour escorts because of their background in travel work. The 35-day tour embraces England, W. Germany, Holland, Austria, Switzerland, France and Italy. To and from Los Angeles travel will be by TWA Jet Polar-flight. Mr. and Mrs. Weems gave a party for the group at their home last Saturday night.

6 Youths in Traffic Crash

Two boys and four girls, all Sierra Madre juveniles, who had attended a dance in Hastings Ranch Saturday night, were involved in a traffic crash early Sunday at N. Baldwin and Orange Grove, same location as a fatal crash a few weeks ago.

All six had been drinking beer, Sierra Madre police report, the driver, 16, had no driver's license or temporary permit, and they have been cited for appearance before Juvenile Court authorities.

Fortunately, persons in both cars were not injured, but the front of the automobile containing the juvenile sextet was bashed in. The young driven was sent to Juvenile Hall pending hearing.

News From Sacramento . . .

Our Last Vote Was For Practice Only!

By Henry MacArthur
(Capitol News Service—Special to the Sierra Madre News)

SACRAMENTO —Politically, it's a curious world in which we live. And the administration of government both on an executive basis, and legislatively, is just as curious.

There was a time in government when the will of the people, as expressed at the ballot box, was the supreme law of the state. In other words, if the people approved or disapproved a measure, that was the answer, for a couple of years at least until a new election appeared in the regular course of events, for resubmission of the issue.

The people now are witnessing rough-shod trampling of their decision on the matter of $270 million worth of bonds for state construction and gifts to junior college districts.

Having voted decisively on the issue in June, they are now to be asked to vote once again on the measure in November, without much revision of the proposal. In the normal course of events, this would have been delayed at least a couple of years, to give proponents opportunity to put forth a devised measure based more on necessity than expedience.

The curious part of the situation is the fact that the Legislature approved the resubmission "because Governor Brown wants it." This was the general attitude of leglislators during the week's extraordinary session.

The question then, is does the state get what Governor Brown wants, or what the people want?

The people already have said they do not want a $270 million bond issue this year, through the democratic institution of the ballot box.

The Governor, however, perhaps swayed by the prestige and erudition of the state's top educators, decider the people do not know what they want!

As a consequence, he called legislators in special session to tell the voters of California they were wrong, and ask them now to turn around like good children, and do what he considers right by higher education.

Privately, a lot of legislators think the Governor made a bad mistake in trying to cram the bond issue down the throats of the people next fall. These legislators, Democrats and Republicans alike, feel the administration should have abided by the decision of the people.

Some Democrats, accustomed to voting what they believe, were put in an embarrassing position by the Governor's decision. One even phoned some of his constituents and sought guidance. Reportedly, their reply was that if the legislator had to help the Governor, he should go ahead and do it, but he could have no hope of carrying the bond issue in his particular district next November.

Other legislators on the Democratic side, believe they may be riding a dead horse, but are too much brain-washed to dismount. They feel a dead horse is better than no horse at all, especially when one is in politics.

Thus, a $270 million attempt to thwart the will of the people is under way, on the flimsy excuse that the people didn't know what they were doing when they turned down the bond issue.

Firm Obtains Added Land In Monrovia

Electr-Optical Instruments, Inc., has announced acquisition of a new 10,000-square-foot headquarters and manufacturing facility in Monrovia. The new facility will house the company's manufacturing operations for its complete product line of high-speed photographic instrumentation devices. This includes ultra high-speed frame cameras, Kerr cell units, and individual exposure Kerr cell cameras. Also produced in the new facility will be Kerr cell modulation devices for Laser application and the newly announced high-speed collapsible foil capping shutters.

THE NEW BUILDING features specially controlled dust-free rooms for construction and assembly of high precision optical and electro-mechanical components.

The company's rapidly growing engineering development staff has both office and laboratory space in this new facility. It is expected that it will accommodate a total of 100 persons.

LEGAL NOTICE

NOTICE OF PROPOSED RECLASSIFICATION

NOTICE IS HEREBY GIVEN that the Planning Commission of the City of Sierra Madre, will hold a public hearing on Thursday, July 19, 1962, at the hour of 8:00 o'clock P.M. in the Council Chambers of the City Hall, located at 55 West Sierra Madre Blvd., Sierra Madre, California, for the purpose of considering rezoning from R-P (Residence-Professional) to C-1 (Commercial) property located on Sierra Madre Blvd. between Baldwin Avenue and Sierra Place, and described as follows:

On TUESDAY, July 17, 1962, at 11:00 A.M., TITLE INSURANCE AND TRUST COMPANY, as duly appointed Trustee under and pursuant to Deed of Trust dated June 11, 1960 executed by HAROLD W. GODDARD and LILLIAN B. GODDARD, husband and wife, as joint tenants and recorded June 15, 1960, in book T 1325, page 754, of Official Records in the office of the County Recorder of Los Angeles County, California, WILL SELL AT PUBLIC AUCTION TO HIGHEST BIDDER FOR CASH (payable at time of sale in lawful money of the United States) in the lobby of the main entrance of Title Insurance Building, 433 South Spring Street, Los Angeles, California, all right, title and interest conveyed to and now held by it under said Deed of Trust in the property situated in said County and State described as: Lot 1 of Tract No. 9933 as per map recorded in book 141 page 13 of Maps, in the office of the county recorder of said county.

Said sale will be made, but without convenant or warranty, express or implied, regarding title, possession, or encumbrances, to pay the principal sum of the note secured by said Deed of Trust, to-wit: $1,500.00, with interest from December 11, 1961, as in said note provided, advances, if any, under the terms of said Deed of Trust, fees, charges and expenses of the Trustee and of the trusts created by said Deed of Trust.

The beneficiary under said Deed of Trust, by reason of a breach or default in the obligations secured thereby, heretofore executed and delivered to the undersigned a written Declaration of Default and Demand for Sale, and written notice of breach and of election to cause the undersigned to sell said property to satisfy said obligations, and thereafter, on March 15, 1962, the undersigned caused said notice of breach and of election to be recorded in book M 971, page 271, of said Offlical Records.

Date: June 18, 1962

TITLE INSURANCE AND TRUST COMPANY as said Trustee, By John H. Myers Assistant Secretary

CERTIFICATE OF BUSINESS UNDER FICTITIOUS NAME

The undersigned do hereby certify that they are conducting a business at 31 North Baldwin Avenue, Sierra Madre, California, under the fictitious firm name of CLARDON DELI-LUNCH AND CATERING and that said firm is composed of the following persons, whose names and places of residence are as follows, to wit: Ronald A. Kolar, 2414 Glenada, Montrose, California; Victoria Kolar, 2414 Glenada, Montrose, California.

Witness our hands this 6th day of June, 1962.

RONALD A. KOLAR
VICTORIA KOLAR

STATE OF CALIFORNIA, COUNTY OF LOS ANGELES, ss.

On this 6th day of June A. D., 1962, before me, a Notary Public in and for the said County and State, residing therein, duly commissioned and sworn, personally appeared RONALD A. KOLAR and VICTORIA KOLAR known to me to be the persons whose names are subscribed to the within instrument, and acknowledged to me that they executed the same.

In Witness Whereof, I have hereunto set my hand and affixed my official seal the day and year in this certificate first above written.

Noren Eaton
Notary Public in and for said County and State.

Noren Eaton
18 N. Baldwin Avenue
Sierra Madre, California
Attorney.

Float Theme

(Continued from Page 1)

thizer will handle the publicity.

There are only a few of hundreds of citizens and businessmen who will take an active part in building and financing the float.

20 Cent Tax

(Continued from Page 1)

$66,600 and last a 20 cent Flood Control Tax levied in 62-63 for $33,000; bringing the total income of $177,000 to offset the expense above.

A suggestion and an opinion presented by Mayor W. Webster Vannier was given lively discussion, both by the Council members and the audience present.

Mayor Vannier stated that he had been approached by a party that was firm in their belief that the property owners affected should pay an excess proportion of the expense over the taxpayer that was not affected. His party suggested that the 20 cent proposed tax hike should be cut, and that Flood Control districts be established whereby the property owners closer to the affected areas will pay more than those further away. The expense, under this plan would be considerably less for those living further from the affected area, and those receiving the benefits would pay the lion's share of the expense.

This of course brought rise from the audience, threatening to petition out in the event that this became apparent. It was their feeling that the condition was caused by the water taking its course over the city streets, and that the city should bear the expense of the project. It was also their thinking that all parties of the city should share equal, as should any catastrophe, regardless of nature or where it happened in the city, the expense of which should be shared in by all.

It was the opinion of the Council that the plan did have merit, and that they would pursue its possibilities, but without any further delay they would make their decisions based on the costs and expenditures above stated, and then in time should such districts become the solution, the money derived from that source would be used to give relief to the other funds used, which would eventually give credit to the taxpayers to some degree, by lightening the expenditures out of the various funds.

It was the opinion of the council that they must either decide upon a permanent plan by Sept. 1, for tax reasons, or be faced with attempting to satisfy the area with a temporary plan. The temporary plan used the previous year cost the in the vicinity of $20,000 most of which is lost to any permanent plan.

The proposed tax hike of 20 cents per $100 valuation is the first hike given the property owners of the city for many years. Previous tax rate to run the city government has been $1.53. This 13 per cent increase will most probably be for a two-year period.

Further study, discussion and decisions will be made at the July 10 regular meeting as well as July 24.

More of Shippey

(Continued from Page 1)

his heart and brain to give his town a voice which will be heard and respected, and every citizen a voice for either a good idea for progress or a complaint he can make in a letter to the editor. Look at the good men who have worn out in such efforts right here.

As I have said before, there are no unimportant citizens in a small city. And the editor of a small city newspaper is closer to his readers than most of them realize, though they may remember him only when they have births, marriages, deaths or distinctions they wish their neighbors to know about. Oh yes, they also remember him when any member of their family stumbles into jail, and hope he won't mention it. And usually he doesn't if there's any good reason for not mentioning it, unless he feels that his duty to give the news demands it.

* * *

The Robert Evanses can feel they are becoming links in a silver chain of editors who, according to their lights, have faithfully striven to present the truth and also be both good neighbors and good citizens. And they can be sure this friendly town will soon make them feel at home and will wish them well. Welcome to our city.

10th ANNIVERSARY

Word was received this week from Apple Valley Inn to the effect that Dr. and Mrs. Thomas Ryer Pickren of 171 Rancho Road, Sierra Madre, California, is vacationing in their area, the occasion being their 10th wedding anniversary.

City Posts Closing Areas for Current Fire Season

Fire Chief Charles E. Brown announces that concurrent to the U.S. Forest Service declaration of the current fire season as of July 1 ,and that the forests were having the fire closures now going into effect that the City of Sierra Madre has posted the local closed areas too.

Fire Marshal Bert Embree has erected the closure signs which generally covers the same areas as in the past years. Basically, a "line" has been drawn along the front of the brush-covered hillsides, prohibiting entry into any of the grass and brush covered lands.

THIS WILL ALSO close the Mount Wilson Trail above Mira Monte, and also the Sturtevant Trail, from the end of Sturtevant Dr., and at the point where it crosses the Chantry Flats Rd. above the Lannon Debris Basin.

Due to the heavy rains of last winter, the grass is at an all-time problem this year, being a heavier growth than usual. Now that this is dead, the fire hazard is high. Even though we have had an unusual amount of rain, the hot days we have experienced lately has dried out the brush to a tinder. This combination of dry brush and dry grass presents the firefighters with a problem as serious as any we have seen in the past years.

FIRE MARSHAL EMBREE is asking everyone to cooperate with the Fire Department in removing any and all dry or dead vegetation in the form of grass, brush, trees, or other debris in an effort to thwart any possible fire like that of last October. Any large accumulation of rubbish and trash should be hauled away.

Pay Highest Dividends

Atlas Federal Savings and Loan Association has just paid this year's second quarterly dividend, the highest in their history, as announced by the association's Executive Vice President, Roger A. Gurley, for the Board of Directors.

"We have paid Atlas Federal Savers," continued Gurley, "at our high current rate of 4¾ per cent since January 1, 1962, and intend continuance of this rate for the third quarter beginning July 1, 1962."

Bruce V. Reagan, president of the association, said: "We are proud of this record high dividend payment. It has been made at a time when the safety of invested principal and earnings are especially important to our growing list of loyal customers."

Other directors of the association beside Gurley and Reagan are: C. Elmer Anderson, Vice President, Leonard A. Diether and G. W. Green.

Last Call for 'Folk Song Night' at Bowl

It's last call time for the bus to Hollywood Bowl, leaving July 20 at 6:30 p.m. from behind the Arcadia Music Mart at Arcadia.

The attraction is Folk Song Night "Under the Stars" at the Bowl and for only $1.50, plus $1 for the bus ride there and back, music lovers, old and young, can have the time of their life.

You'll hear all of your favorite tunes capably delivered by the Smothers Brothers, Devee Guard, the Whisky Hill Singers, Miriam and Makebe, and as a special attraction Marais and Miranda. It will be folk music at its best.

Reservations may still be made this week of July 5. Phone Mrs. Frank Tomkins, 1130 Singing Wood Dr., Arcadia — ELgin 6-1351. Or write her. Mrs. Tomkins can also arrange special buses for special groups.

Mrs. H. E. Franzen of 678 West Algeria, Sierra Madre announced engagement of their daughter, Linda Marie, to Robert Wellington Childs, son of Mr. and Mrs. W. A. Childs, of 554 Catalpa Rd., Arcadia. Linda attended Culter Academy Christian School in Los Angeles and was a graduate of Pasadena High School. Her fiance, is a graduate of Arcadia High School and will attend Los Angeles Art Center.

City Hall's Little Art Gallery Has New Exhibit of Oils and Water Colors

Artists hereabouts have changed their exhibit in the little Art Gallery in City Hall. It is interesting in its wide range of styles in oils, water colors and ink and pencil drawings.

The following artists exhibiting oils are Ruby Andreson, Yellow Roses on Glass;" Maggie Ascher, portrait of Susie Armpriest Williamson." (Susie is the grandmother of our own Beatrice Thompson, secretary at the City Hall); Elinor Baumiester, "Horses;" Harriet Belcher, portrait, "Hindu Girl;" Ray Du Shane, "Frying Pan River;" Susan Maloney, "Still Life;" Lydia Maricq, "Daffodils" and "Delphinium;" Beatrice McIvor, a portrait; Courtney Miles, "Desert Palms;" Hazel Morley, "Peach Blossoms" and "Autumn Skies;" Madeleine Pichard, "San Pedro Fogged In;" Marguerite Randolph, "Dainty Bess;" Cornelia Reimer, "The Foothills;" Grace Webber, "Woman of Sumaria;" Myrtle Weese, "Myrel."

Exhibiting water colors are Johanna Horne, "Pickup" and "The Old Clock;"Blanche Lupfer, "Boats;" Renee Tallantyre, "English Scene;" Catherne Tuttle, "A Spot of Sunshine."

Pencil drawings, "Mexican Primrose" by Renee Tallantyre; pen and aink drawing "Los Angeles in 1872" by Ted Velasques.

Oregon Graduates Ronald C. Hopkins

Receiving his degree in science at Oregon State University at Corvallis, was Ronald Carden Hopkins, son of Mr. and Mrs. M. K. Hopkins of 513 San Gabriel Ave., Sierra Madre

The elder Hopkins went to Corvallis for the graduating exercises.

SNAKE HAD 8 RATTLES

Police Officer David G. Benscoter dispatched a rattlesnake with eight rattles in the vicinity of 701 Skyland Dr. last week.

Court Queen of Rosary, Catholic Daughters of America, Installs Officers

In impressive ceremonies last week, Mrs. Regina Bateman, district deputy, installed Mrs. James Walshe as grand regent of Court Queen of the Rosary No. 1635, Catholic Daughters of America, at St. Rita's Auditorium, Sierra Madre. Installed with Mrs. Walshe were the following: Mrs. William H. Dillon, vice grand regent; Mrs. Francis Powers, prophetess; Mrs. Harry Dierdorf, financial secretary; Mrs. Edmund Smith, historian; Mrs. Ross Shipley, treasurer; Mrs. Jerome Rottner, monitor, Mrs. Peter Delgatto, organist; Mrs. Joseph Siefke, sentinel Mrs. Gerald Dalton, lecturer; Mrs. Joseph Delgatto, trustee; Mrs. Elizabeth Mae Keane, trustee; Mrs. Silvio DeLude was proxy for Mrs. Keane.

THE COURT'S colors, purple, white and gold, were carried out in the decorations of the hall as well as the tea table, which was centered with a large bouquet of purple and white stock and yellow daisies.

Candles and napkins were of yellow while the cake was decorated with the three colors.

Mrs. Regina Bateman and Mrs. Joseph Delgatto presided at the silver tea service.

Honored guests included Mrs. Regina Bateman, district deputy; Mrs. Clara Nelli, archdiocesan chairman of education; Mrs. Mary Frances Clark, district deputy Court Pasadena; Mrs. Mary Quinnell, grand regent, Court Our Lady of Hope; Mrs. Genevieve Howe, Court Hollywood; Mrs. Mary K. Dunn, Court Pasadena; Mrs. Mrs. Lutie Pittman, Court San Gabriel; Mrs. Helen Gunther, Court Holy Name.

OTHER VISITORS included Mmes. Emma J. Damon, Mary Cox, Margaret Sanders, Edna Otto, Janie Crawford from Court Our Lady of Hope; also Mmes. Marie Piffner, Irene G. Gualano, Marguerite N. Simpson from Court San Gabriel, and Mrs. Helen O'Leary, past grand regent, Court Hollywood.

Mrs. Raymond Rancourt, chairman of the installation, was assisted by Mmes. Raymond Franklin, Albert Keirns, Vincent Pieri, Lawrence Palmisano, Marie Rottner and Misses Kathryn Keane and Mary Dillon.

Mrs. Chozen Heads Club at Temple

Mrs. Michael Chosen of Arcadia heads the new slate of officers for the Foothill Jewish Women's Club of Temple Beth Israel, Sierra Madre.

Working with Mrs. Chosen for the coming year will be: First vice president, Mrs. Louis Lasser, Arcadia; second vice president, Mrs. George Seidner, Arcadia; third vice president, Mrs. Jules Larner, Arcadia; parliamentarian, Mrs. Charles Lapson, Arcadia; ways and means, Mrs. Perry Friedman, Arcadia; recording secretary, Mrs. Sheppard Weissman, Arcadia.

Also, corresponding secretary, Mrs. Sol Green, Arcadia; treasurer, Mrs. Irving Corbin, Sierra Madre; donor chairman, Mrs. Milton Honowitz, Pasadena; Oneg Shabbat, Mrs. Donald Cozen, Pasadent; publicity, Mrs. Julia Sandford, Monrovia; tribute fund, Mrs. David Hermanson, Arcadia; Torah and Sunday School, Mrs. Ralph Cohen, Sierra Madre; sunshine chairman, Mrs. Wally Cohen, Arcadia; room mothers, Mrs. Jack Grossman, Arcadia.

THE NEW BOARD is already hard at work on the organization's big annual summer dinner-dance to be held in the Frank Ackerman garden, 629 W. Walnut, West Arcadia, on Saturday, July 21, at 7 p.m.

This year's theme, "Polynesian Paradise," will be carried out with island food, music and entertainment. Proceeds will go towards the building of a new temple-center.

Mrs. M. T. Plumlee Visits in Seattle

Mrs. Marjorie Terry Plumlee of 286 E. Montecito jetted home this week after having visited her daughter, Mrs. Pamela Crouse McLaughlin, in Seattle.

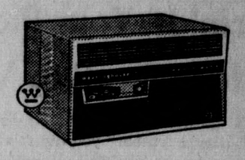

Calpoly Registers 4 Sierra Madreans

Four Sierra Madre students have been admitted to the Kellogg Campus of California State Polytechnic College at Pomona for the 1962-63 academic year.

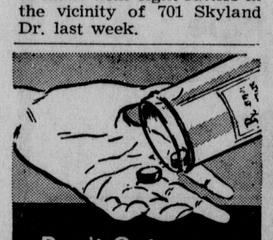

They are Betty and Linda Crook of 501½ Woodland Ave.; Kathy Schmidt of 411 N. Sunnyside and Kenneth D. Gorham of 75 Monterey Lane.

Betty Crook will major in landscape architecture; Linda Crook in social sciences; Kathy Schmidt in physical education, and Kenneth Gorham in accounting.

Take your problems to Church this week—
millions leave them there!

c'mon... put it over the plate
You are witnessing one of the frustrations in Ted's life. Like his namesake, the Red Sox slugger, Ted likes to tag a good fast ball and send it over the fence. But, today, our batting-practice pitcher just can't seem to find the plate.
Another frust in Ted's life will xt Sunday morning. ery American young fed needs religious training. But Ted's parents, who should be offering him opportunity and encouragement in spiritual growth, can't seem to find the Church.
Our children deserve the full spiritual opportunity which our free heritage has preserved for them. Today it is their turn to develop the *power* with which God endowed them. And our assignment, like the batting-practice pitcher's, is to offer them our best . . . and not lost control.
THE CHURCH FOR ALL . . . ALL FOR THE CHURCH
The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Get Interim Assistance

Sprinkle Your Plants Well Before Starting Vacation

If garden plants had their "druthers," there's no doubt they'd "ruther" you didn't take a vacation each year. For however much fun you have on the annual fortnight out of town, the plans you leave behind usually suffer to one degree or another.

To be sure, some people "let the gardener do it," whether they are at home or off in the wilds. For them, the following pre-vacation advice holds little interest. However, most persons will be taking off and leaving the welfare of their garden to a friend or a boy down the block. The California Association of Nurserymen has a word to the wise for this majority of gardeners.

THE ONE THING we are really concerned about, of course, is water. Given sufficient water, your garden will be just as happy without you as otherwise. True, the lawn will need cutting if you stay away any length of time, but for nine out of ten vacationers, watering is the prime vacation concern.

According to the CAN, you should make this little chore just as easy as possible for whomever is charged with doing it. Leave nothing whatever to chance.

First, move all potted plants into a central area where the interim gardener can reach them without half trying. Begonias, geraniums, buchsias, azaleas — anything that's grown in a container — will suffer first from lackadaisical care, and you should prepare for the worst. With plants in clay pots, you can go a step further by sinking them in the ground or packing wet peat moss around them. This will give them a reasonable grace period even if they are neglected.

SECOND, DRAW up a schedule to leave behind, showing just what needs watering, how often and for how long. Interim gardeners have a way of running the sprinkler for a few minutes and calling it a day. Be specific. If an area should be watered for 20 minutes twice a week, say so.

Don't fret about top watering. You can't really expect a fill-in to stand there with the hose carefully irrigating your favorite roses, dahlias or annuals. Sprinkling them is easier, and so long as it gets done, you should not worry.

With lawns, the CAN offers this sound advice: Don't feed them just prior to your departure. There's no need to encourage more rampant growth which will need cutting sooner than it should. If you have a lawn sprinkling system, you're lucky, but if not, once again make it easy to do. Stretch a plastic sprinkler into place before you leave and tell your stand-in that all he has to do is turn is on and let it run X number of minutes.

FOR SUCH MOISTURE-loving shrubs as camellias, rhododendrons, azaleas and fuchsias, as well as roses, hibiscus, hydrangeas, to name a few, the application of a good thick mulch is sound gardening practice. Few gardeners realize how much moisture is conserved by mulching. When laid thick enough, mulches will see drought-sensitive shrubs through many days of neglect. In fact, if you are gone only a week, mulching will usually carry your garden over until you return.

Use wet peat moss or steer manure and layer it good and thick around the shrubs you intend to mulch. A two-inch layer of either is about the minimum you should be satisfied with. A three-inch mulch is half again more effective. When using peat moss, be sure to soak it thoroughly before applying the mulch, or it will tend to withdraw moisture from the soil.

It seems trite to say, but according to the CAN, you gardeners can't be reminded too often: Be sure to soak your garden from one end to the other before you head for the hills. It's easy to become so involved in packing and planning that the last-minute soaking is left undone.

This is sheer folly, as it puts the burden of responsibility squarely on your standin's shoulders. And, as we mentioned above, the idea is to make things as easy for him as possible—not to put him to a test.

H. Mudd Cites 2 Sierra Madreans

Among the juniors at Harvey Mudd College at Claremont cited for excellence at the college of science and engineering are Anthony Leonardi-Cattolica, son of Mr. and Mrs. A. M. Leonardi-Cattolica of 124 Vista Circle, Sierra Madre, and Richard Hoch, son of Mr. and Mrs. Joseph F. Hoch of 226 Olivera St., Sierra Madre.

Williams Rites Conducted Friday

Services for Mrs. Shirley Rae Williams, 39, who died suddenly at her home at 631 Chapparral Rd. on June 26, were conducted last Friday at 2 p.m. at the Ripple Mortuary, with Rev. Clinton W. Swengel of the Sierra Madre Methodist Church officiating. Additional rites and interment were July 2 in St. Louis, Mo. Her husband, Hadley, accompanied the remains to St. Louis.

Mrs. Williams, field consultant for the Los Angeles County Community Service, a Californian for 11 years and Sierra Madre resident for 7 years, is survived by her husband, Hadley, of Sierra Madre; her father, Carl O. Hoffman, and brother, Carl O. Hoffman Jr., each of St. Louis, and a sister, Mrs. Jeri St. Dennis of Parkridge, Ill.

D. Roess Family Visit Near Bishop

Dr. and Mrs. David L. (Mary) Roess and children of 125 Lowell have returned from a several days' vacation spent in the Bishop area. Mr. Roess is owner of the Roess Market at W. Sierra Madre Blvd. and N. Lima

Name Sign Stolen

A name plate sign in the yard facing the street last week disappeared from the property of Councilman Severin L. Sorenson at 233 E. Orange Grove. Some weeks ago a mail box on the property was badly damaged.

The rising generation doesn't like to miss anything — and most of them have cars to provide the transportation.

Derby Purse Will Exceed $100,000

It's difficult enough to pick the winner of an ordinary horse race when it has what appears to be two or three outstanding contenders in it.

In the case of the $100,000 added Hollywood Derby at Hollywood Park Saturday it doesn't look difficult; it looks impossible. There are so many stars of apparently equal ability in top shape for the contest that the successful forecaster of the Inglewood track's mile and a quarter for the three-year-old championship will deserve to be pinned with a medal enscribed "Genius."

Admiral's Voyage, Doc Jocoy, Black Sheep, Indian Blood, Wallet Lifter and Blue Serenade head what is described by railbirds as the greatest lineup of young thoroughbreds ever to go to the post in the 22 runnings of the Hollywood Derby.

IN THE FOUR stakes races for the sophomores staged so far this season at Hollywood Park at a mile or over, there have been four different winners. Wallet Lifter and Prince of Plenty each won a division of the Will Rogers Stakes; Doc Jocoy took the Argonaut Stakes by a whisker from Royal Attack, and Black Sheep nosed out Indian Blood in the Cinema Handicap.

Admiral's Voyage, who won two stakes at Santa Anita last winter and then took the Louisiana Derby in New Orleans and the Wood Memorial in New York, will be making his first and only start of the Hollywood Park meeting.

But Oh That Fence, It'll Need Repairs

Mrs. Eileen Curran Lewis of 2875 Mayfair Dr., Pasadena, motored to a spot on E. San Gabriel Blvd. last Friday. With her was her son, just 2 years old.

Parking her car, Mrs. Lewis alighted to make a visit in a nearby home. She left her son in the car, police report.

The youngster, determining to follow his mother, began getting out of the car—he touched the emergency brake, releasing it.

The car plunged forward, winding up 16 feet away against the fence at the home of James B. Taylor at 233 San Gabriel Court. No. damage to the car, the boy unhurt, but the fence will need repairs.

2 Grandchildren Visit Police Chief

Police Chief Gordon G. McMillan is "having the time of his life."

Mrs. Marie McMillan returned from a visit to Fairfield, Calif., bringing with her their two grandchildren for a ten-day stay at the McMillan home at 368 Mariposa.

Letters to the Editor

The Honorable City Council
City Hall
Sierra Madre, California

Subect: Sewering vs. Water Conservation in the City of Sierra Madre

Gentlemen:

Over a period of some 25 years I was in charge of the Dams and Water Conservation Branch of the Los Angeles County Flood Control District.

In connection with the subject matter, Sewering vs. Water Conservation, I would like to state that I would feel remiss if not guilty, if I failed to call attention to certain ramifications inherent in the change-over from cesspools to sewers so far as water conservation and replenishment of ground water resources are concerned. To make my position clear, permit me to say that this letter, for what it is worth, is written upon my own initiative, simply as what I consider a civic duty on the part of any citizen who, through knowledge and experience may beneficially influence the destiny of his place of residence.

Altadena, overlying in greater part the Monk Hill ground water basin, may serve as a case in point. Replenishment of this basin had been mainly from cesspools. Operation of the basin within its safe yield had been possible over many years. However, after sewering the Altadena area some 15 years ago the ground water supply diminished rapidly and water had to be imported at much higher cost than local production. This is still the case.

Except from a small contribution of spring flow, collected in galleries at the debris dam of the Flood Control District in Little Santa Anita Canyon, the City's entire water supply is produced through wells pumping from the easterly end of the Raymond Basin. This basin has been under adjudication for many years and has been under the management of a watermaster appointed by the Court. During the extended period of generally subnormal rainfall since 1943-44, when up to date only three seasons registered above normad rainfall, replenishment of the Raymond Basin began progressively deficient. Hence, upward adjustment of allocations as a result of reappraisals every five years, as provided by the Court, were not allowable. As a result this City had to buy water from Arcadia which has access to outside sources of the Main San Gabriel Basin and therefore was able to curtain its pumping from the Raymond Basin in favor of Sierra Madre. The cost of such water to the City is greater than the cost of its own production. Furthermore, with pending curtailment of pumping in the Main Basin and possible adjudication thereof this supply may no longer be available in the future.

If it had not been for farsighted conservation of local runoff and of diverted streamflow from Big Santa Anita Canyon in the City's spreading ground and, last but not least, for percolation from cesspools, the contribution to the Raymond Basin from the Sierra Madre area would have been considerably smaller.

While there is no known reason for local runoff and streamflow diversion to change their trend in the future from that of the past, there is a known reason for the contribution to ground water supply from cesspools to change its trend and this reason is sewerage. The water thereby piped to the ocean is lost and therefore of no further benefit to this City's water supply.

It is, of course, realized that cesspools are not practicable in certain areas because of lack of porosity and permability of the surficial soil or because of surficial soil, if porous and permeable, being underlain by an impermeable stratum such as clay or hard pan. In the former case waste water are trapped in the cesspools and in the latter case they are perched above the impermeable stratum. In either case they are apt, sooner or later, to rise to the surface. From a sanitary point of view and for reasons of health such a situation cannot be tolerated.

From geological reports, soil tests and observation of trenches for flood control channels and storm drains, I have come to the conclusion that no areas within the City above Grand View Avenue are either surficial nonporous, impervious or subject to perched water, natural or otherwise, and that the same is substantially true with possible local exceptions generally between Grand View and Highland Avenue. Below Highland cesspools should generally be considered out of pace.

Domestic sewage is 99.9 per cent water. To reclaim this water from sewage artifically is substantially done in the same manner as mother nature has accomplished it naturally for untold centuries. Cesspools are no doubt older than the 5000 years of history. To my best knowledge and belief no epidemic has ever been caused by water percolating through soil from cesspools located 200 feet or more from the nearest non-artesian water well.

Experiments with various conventrations of sewage up to raw sewage conducted by the Flood Control District some twenty years ago at the Azusa and Whittier treatment plants showed biochemical oxygen demand (B.O.D.) being zero within 7 to 25 feet from the experimental "cesspools." The soil at Azusa was debris cone detritus similar to soil above Grand View whereas that at Whittier was much finer. Disappearance of B.O.D. means extinction of bacterial life. While it does not necessarily satisfy the full requirements for drinking water in accordance with pubic health standards, the extinction of disease carrying bacteries is no doubt the most important step in the accomplishment of these standards.

The modern housewife has resorted to certain chemicals to lessen the burden of housework. Among them detergents are perhaps predominant. They are a clever chemical design whereby a sodium compound "corrals" fat particles and keeps them from clinging to surfaces in contact with dish or laundry water. Instead, fat particles are "police escorted" down the drain with the water. I do not believe that there is factual evidence of detergents interfering with the performance of a cesspool which would otherwise perform satisfactorily. In my own case the performance of the cesspools has, if anything, improved since the use of detergents.

In any event, I do not consider the adverse effect, if any, of chemicals on cesspools being anywhere near commensurate with the detrimental effect of water conservation and supply of sewering areas within this City which have been essential and safe contributors to ground water supply through cesspools for well over 50 years.

I therefore urge your Honorable Body to give this matter careful consideration before sewering of such areas as outlined above is undertaken.

Respectfully submitted,
Paul Baumann
Consulting Engineer

July 29, 1962

Mr. John Curtis, President
Sierra Madre Chamber of Commerce
18 West Sierra Madre Blvd.
Sierra Madre, California

My dear Mr. Curtis:

I would like to call your attention to what I believe is a very unfair practice used by the Police Department in Sierra Madre; it is ticketing automobiles on North Baldwin Avenue because they do not have their wheels cut into the curb.

Those of us who live in the Arcadia - Sierra Madre neighborhood understand and know that it is dangerous not to lock your wheels into the curb as Baldwin is a very hilly street. Strangers to our area are not familiar with this however.

I am speaking particularly of guests of residents in the area who may attend either the Episcopal Church of the Ascension or St. Rita's Catholic Church which happened to guests of ours who attended St. Rita's on Sunday morning and at which time their car was ticketed for this reason.

It is not the fact that the ticket cost $5.00 that bothers me; it is the principle involved. North Baldwin Avenue is not posted to this effect any place and I believe this should be done. Also, I have seen police officers parked opposite these churches waiting for some good, innocent stranger to park his car, go into one of the churches, then walk across the street and ticket his car, which I think is one of the smallest things I know of.

I live in Arcadia at 1005 Fallen Leaf Road, which is just about a mile south of Sierra Madre. We have lived there since 1944 and do most of our shopping in Sierra Madre. For example, I buy all of my clothing at Don Jackson's Store for Men; we trade at Roberts Market where we spend between $2,000.00 and $2,500 a year. We also do business with the Sierra Madre Hardware Company which is owned by Mr. Schwartz; we purchase all of our medical supplies and drugs from Mr. Hartman of Hartman's Pharmacy and make other purchases from local merchants too numerous to mention. Something like this makes me so insensed that I almost feel like telling my wife to stay out of Sierra Madre and do all of our shopping in Arcadia.

I think something should be done about the sneaky way, as it appears to me, that these tickets are issued, especially to guests who are going into a church to worship, if it's only to properly post this regulation.

Something should be done so that strangers to your fair city will leave it with a fair taste in their mouths!

Very sincerely yours,
STEPHEN A. COMPAS

MEMBER OF THE SIERRA MADRE CHAMBER OF COMMERCE

OUT OF THE COBWEBS

37 YEARS AGO THIS week, Friday, July 10, 1925—What theratened to be one of the most serious fires of the season started at First Water Camp Tuesday afternoon when a public toilet caught fire and set fire to the brush which surrounded it. The camp is located in the Big Santa Anita, one and one-fourth miles from the site of the Big Santa Anita dam. Fifteen men directed by M. H. Davis and Hamp Miller, succeeded in stopping the blaze.

Mrs. J. W. Tarr and three children, Howard, Maxine and Billy of Kingsman, Ariz., spent Thursday in Sierra Madre, guests of the N. W. Tarr family of 274 W. Montecito.

Ralph Solury is building a new garage at his home on E. Central Ave. (now E. Sierra Madre Blvd.)

* * *

19 YEARS AGO THIS week, Thursday, July 1, 1943—A fully equipped battalion of the California State Guard is in the process of being organized in this area, according to an announcement by Maj. John S. Staats, commanding officer of the Pasadena Battalion Headquarters in the State Guard Armory in Pasadena. Sierra Madre Headquarters is in City Hall. Lt. Arthur H. Embree is the Sierra Madre unit commander.

Kenneth Linder, son of Mrs. Louis F. DeNault of 1131 Singing Wood Dr., was graduated last week from the Marine Air Corps training camps at Corpus Christi, Tex. Kenneth took his previous training at Pasadena June College, at St. Mary's and at Los Angeles.

Because of the extreme fire hazard the City Council Tuesday night ordered closing of Bailey Canyon, including all trails, until further notice.

* * *

13 YEARS AGO THIS week, Thursday, July 7, 1949—Sierra Madre's effort to help avoid the traffic congestion in the Canyon area failed last week when the Canyon swimming pool bus discontinued operation because of lack of funds. Recreation Director Sam McElfresh said that running the bus as a means of transporting children to the Canyon pool had proved too expensive a project.

At the annual organization meeting of the Sierra Madre School Board July 1, E. Waldo Ward was reelected chairman of the Board of Trustees. Mrs. Edith Dane was elected clerk.

* * *

Delbert E. Sayer, son of Mrs. Stephanie G. Sayer of 36 W. Highland, was graduated July 1 with a second lieutenant's commission in the Air Force. He was a member of Class 49b, Advanced Multi-Engine Pilot School at Barksdale, La.

---

9 YEARS AGO THIS week, Thursday, July 2, 1953 — Grant Chapel, the mortuary at 201 W. Sierra Madre Blvd., previously operated by Harry A. Lange and Sterling T. Ripple, has been taken over under full ownership of the latter.

After 37 years of teaching, Ruth T. Gardner of 46 Mira Monte, has retired. She has taught 29 years in the Sierra Madre Elementary Schools and plans to devote her new leisure time to her husband, Walter K. Gardner, and her hobbies — painting, gardening and photography.

CARROT TOP

Curtis and his charming wife Janet, two people who really has Sierra Madre at heart. John, president of the Chamber of Commerce spends hours upon hours planning for his beloved city, while Janet backs him up every step of the way . . . these two left no stone unturned until a home for the new publishers was obtained, without their help our job would have been much, much more difficult . . . and speaking about our home . . . after it was purchased from the Prescott Building Company, Mr. H. H. Shapiro and his son Art Shapiro, builders, are working like beavers to finish the construction in the shortest possible time. Both Peggy and I thank them for their complete after-sale interest. Sierra Madre Estates is really going to be a lovely place to live.

—CT—

Speaking of homes and living, another fellow that I met, leaned away over backwards to help your truly find a suitable place in which to live, while waiting the arrival of my family. Don L. Majerus, also a contractor, but a specialist in his field, and I believe the builder of the first Gold Madellion Apartment building in Sierra Madre, threw all his good judgment to the forewinds and consented in renting me one of his excellent and fine apartments for just one month . . . how's that for hospitality.

—CT—

Of course, we were treated royally at the Bank of America, Foothill - Rosemead Branch. Mr. Cederquist, that genial gentleman behind the corner desk and manager of the local bank, was most cordial and eager to please. Unfortunately for me, the bank vault was closed at the time, and all sample were securely locked within, but Mr. Cederquist informed me that a new shipment was soon scheduled to arrive. This should be worth waiting for.

—CT—

Take it from me, if you have an insurance problem, Douglas R. Delahooke of Harry A. Lange and Associates is the boy to see. What Doug doesn't know about insurance has not as yet been written or put in the books . . . he certainly covered me like a blanket . . . and I do mean completely . . . I have a future date to the Kiwanis Club with this gentleman and I know it will be enjoyable.

—CT—

All in all, it has been a great pleasure to meet many wonderful people. Through the courtesy of our friend and your former publisher, Ed-E. Herwig, we have received many kind shakes of the hand as we were introduced around town. Realizing it would be impossible to greet everyone in a short week or two, we shall look forward to making acquaintances, one by one, in the days to come. Being just a Kansas country boy at heart, the greatest anticipation is being able to call everyone by name as we pass on the street.

—CT—

Summing up the comments of all those we have met, the common denominator can be expressed in just one phrase . . . "Sierra Madre's a wonderful place to live." The enthusiasm and civic pride of all those who call this big, little city "home," will never cease to swell out the chest of this humble being. We're proud that we, too, can call Sierra Madre "HOME."

Dear Editor:

The loaded firecracker is considered unsafe for Independence Day celebration. The driver, loaded with too many fifths quaffed on the Fourth, however, charges into the freeway to commit motorized mayhem. We wallow in freedom from everything except death and taxes.

The urge to go places is irresistible. Too few consider the train which has everything except seat belts. On it we are safer than at home and need not be stapped down. The club car offers an opportunity to safely enjoy a reasonable load limit of holiday cheer — short of objectionable saturation!

—K. FRITZ SCHUMACHER

Statement of Policy . . .

When a newspaper changes publishers and ownership, its subscribers are entitled to know the policy which will prevail on news coverage and editorial comments under the new editors and publishers.

With that in mind, we would like to take this opportunity to tell you how we plan to serve you. To begin with, we feel that no publisher ever truly "owns" a newspaper. More correctly, the newspaper is owned by the community it serves, its subscribers and advertisers. Publishers are merely granted the privilege of being the speaker for "the voice of the people."

It is our joint duty and obligation to give honest, fair news coverage of events as they transpire. Perhaps not as some would like to read, but the story as it happened. In a phrase, we do not create the news, we report and print it. Some articles may not appear in the News because they violate the laws of libel, slander and accepted standards of good taste and decency.

Politically, we find one of the pubishers is a follower of the Republican party and the other a Democrat (for many years we have hoped to bring this to a solid front, and have not as yet given up hope), nevertheless both of us have learned long ago that all controversial situations have at least two sides worthy of exploiting and discussing. We therefore maintaining we are a Republican newspaper with an open and independent policy. Opening our columns to the pros and cons of the many situations which will face the community in the years to come.

It is our fullest intent to baby, protect, nurse and improve the "positive" and promote the "potential," first for the City of Sierra Madre, next Los Angeles County, the State of California and last but by no means least, our United States.

Lest this seem too serious a vein for one of our first editorial efforts as your local newspaper publishers, we must point out that we came to Sierra Madre because we liked it as a place to live. We believe Sierra Madre and Los Angeles County are indeed rich in promise for all. The tremendous thrust forward that the city and county has made in the past is indeed an inspiration for those coming to this area to put their shoulders to the wheel and help further the efforts of our noble founders.

Together, we have a tremendous opportunity to continue all that is wonderful about this rapidly progressing garden spot of California. To see that the Sierra Madre area's progress unfolds in an orderly, well-conceived manner is the duty of us who call it home.

There will be gradual changes in your News format which we believe you will find pleasing, as we go forward continuing the efforts of Mr. and Mrs. Ed-E. Herwig, who have labored these many months to bring the News to its present fine status.

Changes we have in mind will embody various facets of putting a newspaper together. They cannot be done all at once due to the time factor involved. But they will be designed carefully to give you the best paper your new publishers can print.

We welcome any suggestions that you have have to offer. We have dedicated ourselves to you, your newspapr and our community, to build, improve and promote the City of Sierra Madre, Los Angeles County and the State of California, with the desire of making it a better place in which to live and persue happiness.

Sierra Madre Has It . . .

While making a 27,000 mile trip through some forty-seven states of these United States, five Canadian provinces and three provinces of Mexico, your editors ran across a slogan which was most amusing. It was most prominently displayed at service stations, but occasionally printed on match covers and advertising brochures of various types of business.

This slogan, "If you can't stop, Smile as you go by" brought a grin the first few times, but when it became a novelty no longer, we looked beyond the sign, into the place of business. Very seldom did we find the personnel smiling as we went by.

Now, it occured to us, wouldn't it be fore more appropriate if the slogan could be changed to read, "If you can't stop, We'll smile as you go by." The friendly approach has always been and will always be the greatest sales promotion known.

In our travels, we took great pleasure in entering a community, visiting its business firms, studying the people and forming an opinion of their mode of life. Discussions with Motor Hotel owners or local service station attendants seldom failed to substantiate our analysis.

Not in our entire trip did we find a community which we believe could display the "We'll smile" slogan quite as aptly as the City of Sierra Madre.

In our opinion, Sierra Madre Has It — — — Complete strangers to the city, we arrived to "look you over," before we were inside the city a full block a genial gentleman on the street waved to us and smiled. Surprised? You bet we were, but not half as much as when we had parked the car, walked a few feet, and were greeted with a friendly "Howdy" from a gentleman on his way to noon day luncheon.

It was indeed a welcome for two people in a strange city. In a matter of ten minutes we were made to feel completely at home in this friendly spot in the valley.

Yes, Sierra Madre, to us, is a happy city. Of course, it has its problems, but unlike many other communities, Sierra Madre is doing something about them. Here we find an active Chamber of Commerce, a very active Mayor and city council and countless service clubs and fraternal organizations, each active in contributing their time and effort for the betterment of the entire community.

There are, of course, many things for us to learn in the coming years as your publishers. But we are ready, willing and eager to become a part of the happy city which we found when we entered Sierra Madre. Our only wish is that Sierra Madre will be happy we found it, too!

Sierra Madre News

'Effective Faith' Topic For Sunday

"Techniques for Effective Faith" will be Dr. Ethel Barnhart's sermon subject at 10:30 a.m. Sunday at the Santa Anita Church of Religious Science, 226 W. Colorado Blvd., Arcadia. Child care is available.

Junior Church meets at 10:30 o'clock and offers classes from pre-school through 9th grade. Youth Activity is held at 7:30 o'clock Sunday nights. Dedicated teachers offer a creative experience to your child at each age level. All young people are welcomed.

Stella Terrill Mann, famous lecturer and author, will be guest speaker Friday night at 8 o'clock. Her subject will be "How to Overcome Your Fears." The public is invited.

THE MEN'S FORUM, Thursday, July 12, will have as their speaker Jack E. Wells, whose subject will be "How Religious Science Worked for Me." All men of the church and their friends are invited to attend this time of inspiration and fellowship at the home of Marion Dozier, 1083 Atchison, Pasadena. Refreshments will conclude the evening.

A course in mysticism will be presented by Dr. Ethel Barnhart on five Tuesday evenings beginning July 17 from 8 to 9:15 o'clock. This class is being presented for the first time. Anyone wishing to enroll, please call the church office, HI. 6-8206, for further information.

New Minister To Be Honored

Ed Gaylord, the newly-appointed Minister of Youth of the Sierra Madre Methodist Church, will be honored at a reception at the Parish House on the evening of Friday, July 13, from 7 to 9 o'clock.

The Woman's Society of Christian Service will sponsor this event, and it is hoped that a large number of the congregation will be present to welcome this young man.

Joining Ed in the receiving line will be Rev. Clinton W. Swengel, pastor of the Methodist Church, and Mrs. Swengel; Mrs. Ernest Phillips, the president of the Woman's Society; Mr. Everett Shaw, president of Methodist Men; and a representative from the Methodist Youth Fellowship.

MASONIC LODGE AND TEMPLE

Lodge 7:30

A cordial welcome to all sojourners and their families.

Excellent degree work every other Tuesday

Rev. Hansen to Speak on 'Saving Lost'

"Finders Keepers" is more than a childhood game in which the one who finds something which is lost may keep it, said Rev. Ray E. Hansen in announcing his sermon for the family service at 10:10 a.m. Sunday at Shepherd of the Hills Lutheran Church, Sierra Madre.

His "Finders Keepers" meditation will show how Christ, the Good Shepherd, not only finds those who are lost, but keeps them from going astray again, if they will follow Him.

"Thanks be to God," the pastor commented, "Whose Son is even now, and forever seeking and searching to save the lost. It is through His living body, the church on earth, that He now finds and keeps us."

THE FAMILY service, a new idea for the summer months, enables families to come to worship together. Nursery care for children up to 6 is provided as usual; during the sermon hymn youngsters 6 to 13 may go upstairs for Sunday School which ends when church is over. There will be no Sunday School at 9 a.m. this summer.

The congregation, which meets at 33 E. Sierra Madre Blvd. in Sierra Madre, is awaiting final construction drawings and specifications for the building planned for late this summer at the site, Foothill Blvd. and Santa Anita Ave. in Arcadia, just across the line from Sierra Madre.

Rabbi Angel Will Conduct Services

Rabbi Camillus Angel, D.D., will conduct the Family Sabbath services at Temple Beth David of the San Gabriel Valley on Friday, July 6, at 8 p.m.

Mrs. Charles Lich of 710 Encino Dr., Arcadia, will be at the organ. Members of the congregation will read the Invocation, recite the Blessing of the Lights and read the Kiddush (Sanctification prayer).

Presbyterians in Area Rise to 186,670

Membership statistics for the 256 United Presbyterian churches in Southern California, released by Dr. Carroll L. Shuster, area denominational executive, indicate a substantial increase during 1961 over the previous year.

"The figures were tabulated from statistics published in the minutes of the General Assembly, held May 17-23 in Denver, Colo., and cover the period from Jan. 1 through Dec. 31, 1961," Dr. Shuster said.

TOTAL MEMBERSHIP throughout Southern California at the close of 1961 was 186-670, up 4,616 over the previous year.

These figures include 161,-369 members in the 201 individual congregations in Los Angeles Presbytery, which includes Los Angeles, Orange and San Diego Counties and the state of Hawaii.

BICYCLE IS STOLEN

Wayne Cass of 410 W. Sierra Madre Blvd., Sierra Madre, reported to police here theft of his bicycle in Pasadena territory.

In time of bereavement . . . would you know what to do?

Someone Should Look After The Person Who is Most Affected

There is always one person most greatly affected by the death of a loved one. Some close relative or friend should care for that person, and call for a doctor's services if necessary.

Low-Flying Pilot Hovers Over Homes

A low-flying airplane, which repeatedly buzzed the roofs of houses in the Merrill and other sections of Sierra Madre, was reported to police last Thursday.

In turn, the plane with its number, plainly discernible, was turned over to LASO for investigation and possible disciplining of the pilot.

MRS. MAGGIE ASCHER of 153 Merrill first noticed the plane a few feet above rooftops in that area. She provided Officer Billy Keith with its number.

Later, Sgt. H. S. Embree ascertained that the plane, its wings wagging, was flying over other sections, from 100 to 200 feet above the rooftops.

Red Cross Picks Dolph

Frank Dolph, general manager of the First Western Bank in Sierra Madre, has been named to the Board of Directors of the Sierra Madre Branch, Pasadena Chapter, American Red Cross.

Bark Beetles Infesting City's Pine and Cypress Trees

Sierra Madre property owners this week received the disturbing news that despite a rather intense program of spraying and treatment, pine and cypress trees in the city again are infested with bark beetles. These beetles bore under the bark both in the tree trunk and on the limbs and in time cause the death of the pine and cypress trees.

Property owners who have these trees should observe them closely for signs of dead branches and where such signs are noticed, immediate removal of the branch should follow. The branches should be destroyed immediately either by burning in the fireplace or by removal to the dump. Do not keep the wood around the property, since the beetles will leave the dead wood and get into other live trees.

THE CITY is faced with a major pruning job on the parkway trees and in many instances the tree will need to be completely removed to prevent infestation into other trees.

In addition to removal of the dead branches, the best method to use to reactivate infested trees is heavy, deep watering. This is normally accomplished by driving two or three pipes four to six feet into the ground and then allowing the water to run slowly for several hours (6 to 8 hours).

This should be repeated every two weeks until a major change in appearance is noted (3 to 6 months). On a large tree (75 to 100 feet in height) it will require from 1,000 to 2,000 gallons of water to make any real progress. Liquid fertilizer in moderate amounts can be added if plenty of water is allowed to flow.

City Sales Tax Receipts Show Increase

Sierra Madre received over one and a half percent more the past fiscal year in local sales tax than the previous year. Second quarter distributions for Sierra Madre showed $11,147, which was a 1.6 per cent increase over the previous year.

Other local cities in the area had receipts and percentage changes from the year before as follows:

Alhambra, $239,,367, down .2; Arcadia, $169,350, up 75; Azusa, $67,444, up .32; Baldwin Park, $43,512, up 5.6; El Monte, $229,491, up. 25.6; Monrovia, $121,092, up 4.5; Rosemead, $39,924, up 17.9; South Pasadena, $42,138, up 6.4; Pasadena, $709,937, up 3.5, and Temple City $40,850, at no change in percentage.

Sing Along . . .

Don't know why communities don't schedule a family night song fest once in a while. Singing people are a happy people — and happy people aren't always in trouble or talking about their neighbors. People love to sing — even though they can't carry a tune in a bucket — they'll turn out in droves to give it a try . . . might even give 'er a try ourselves, and we're in the bucket category.

OUR AUTHORITY ORIGINATES WITH AN AGENCY OF THE UNITED STATES GOVERNMENT

Altadena Federal Savings was chartered to do business in 1934 by the Federal Home Loan Bank Board of Washington, D. C. . . a permanent agency of the United States Government. Federal savings and loan associations were created for the purpose of promoting thrift and home ownership in the community and surrounding area they serve.

As a FEDERAL savings and loan association, Altadena Federal Savings, *by regulation,* must provide insurance on your savings up to $10,000 through the Federal Savings and Loan Insurance Corporation of Washington, D. C., a permanent agency of the United States Government.

Altadena Federal Savings is supervised by the Federal Home Loan Bank Board and examined once a year by the Examining Division of the Federal Home Loan Bank Board of Washington, D. C., a permanent instrumentality of the United States Government.

We invite you to place your savings with us.

Earnings payable every three months on all accounts

Funds received or postmarked by the 10th of any month earn from the 1st of that month.
